The associated press release, SEC filings, and webcast replay will also be accessible on the [investor relations website](#). For more information, please also visit www.logicmark.com.

About Us

LogicMark, Inc. (Nasdaq: LGMK) provides personal emergency response systems (PERS), health communications devices and technologies to create a Connected Care Platform. The Company's devices give people the ability to receive care at home and the confidence to age in place. LogicMark revolutionized the PERS industry by incorporating two-way voice communication technology directly into its medical alert pendant and providing this life-saving technology at a price point everyday consumers can afford. The Company's PERS technologies are sold through the United States Veterans Health Administration, dealers, distributors, and direct-to-consumers. LogicMark has been awarded a contract by the U.S. General Services Administration that enables the Company to distribute its products to federal, state, and local governments.

Cautionary Statement Regarding Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements reflect management's current expectations, as of the date of this press release, and involve certain risks and uncertainties. Forward-looking statements include statements herein with respect to the successful execution of the Company's business strategy. The Company's actual results could differ materially from those anticipated in these forward-looking statements because of various factors. Such risks and uncertainties include, among other things, our ability to establish and maintain the proprietary nature of our technology through the patent process, as well as our ability to possibly license from others patents and patent applications necessary to develop products; the availability of financing; the Company's ability to implement its long-range business plan for various applications of its technology; the Company's ability to enter into agreements with any necessary marketing and/or distribution partners; the impact of competition, the obtaining and maintenance of any necessary regulatory clearances applicable to applications of the Company's technology; the Company's ability to maintain its Nasdaq listing for its common stock; and management of growth and other risks and uncertainties that may be detailed from time to time in the Company's reports filed with the SEC.
