NXT-ID, Inc Reports Shipments Begin First Week of May

OXFORD, Conn., Apr. 27, 2015 /PRNewswire/ -- NXT-ID, Inc. (NASDAQ:NXTD) ("NXT-ID" or the "Company"), a biometric authentication company focused on the growing mobile commerce market, announces that its Wocket® Smart Wallet will commence shipping to pre-order customers the first week of May, 2015 and will be fulfilling all paid pre-orders through the month of May.

Gino Pereira, Chief Executive Officer said, "This is a significant milestone for the company as Wocket® enters the consumer market. We would like to express our appreciation to all our pre-order customers that have waited patiently to receive this revolutionary product."

Early access customers who tested Wocket® at a large number of locations confirm that Wocket® supports a wide range of retailers and merchants, as well as ATM's, gas stations with dip style readers and point-of-sale terminals that require your full name which other emerging card technologies find difficult. Feedback from these early access customers has been incorporated into Wocket® to improve reliability and ease of use.

Gino went on to say, "What we have achieved is truly unique and game-changing. We have developed a personal vault that not only protects your identity, but also enables you to pay with a new technology that also works with current payment systems that we use today."

We will be issuing invitations for purchase to our backlog of registered consumers subsequently in June, followed by full-scale release to the general public. Wocket® can be ordered at Wocketwallet.com, and will be available at well-known retail outlets later this year.

Wocket® is a smart wallet designed to protect your identity and replace all the cards in your wallet, with no smart phone or cloud required. Wocket® works anywhere credit cards are accepted and only works with your biometric stamp of approval.

All your credit, debit, loyalty, gift, ID, membership, insurance, tickets, medical information, passwords, and virtually any other card can be protected on Wocket®.
