Now Consumers Can Buy a Smart Wallet to Securely Replace all the Cards in Their Wallet

OXFORD, Conn., June 2, 2015 /PRNewswire/ -- NXT-ID, Inc. (NASDAQ:NXTD) ("NXT-ID" or the "Company") a biometric authentication company focused on the growing mobile commerce market, announces that the Wocket® smart wallet store (www.wocketwallet.com) has officially opened sales to the general public as of June 1st.

Following shipment of previous pre-orders, consumers can now place orders at the retail price of \$229 and will be charged when their Wocket is ready to ship.

Gino Pereira, Chief Executive Officer said, "We are excited to extend sales for Wocket to members of the general public seeking a secure and convenient way to replace their traditional wallets. Wocket acts as a personal vault for all your cards and identification information. Wocket addresses convenience like few other competitive technologies with its ability to store thousands of cards and the fact that it can be used at almost all point of sale readers; something mobile apps cannot do."

Wocket® is a smart wallet designed to protect your identity and replace all the cards in your wallet, with no smart phone or cloud required. Wocket® works anywhere credit cards are accepted and only works with your biometric stamp of approval.

All your credit, debit, loyalty, gift, ID, membership, insurance, medical information, passwords, and virtually any other information can be protected on Wocket®.
