

NXT-ID's CEO to Present at 13th Annual Future in Review (FiRe) Conference Featuring Global Thought Leaders in Technology

September 24, 2015

OXFORD, Connecticut, September 24, 2015 /PRNewswire/ --

NXT-ID, Inc. (NASDAQ:NXTD) ("NXT-ID" or the "Company"), a biometric authentication company focused on the growing mobile commerce market, announces that CEO Gino Pereira will be presenting at the 13th annual FiRe Conference (<http://www.futureinreview.com/>) to be held October 6th - 9th, 2015, at the Stein Eriksen Lodge, in Park City, Utah.

FiRe features global thought leaders in technology and the global economy, including Elon Musk, Craig Venter, Michael Dell, Vint Cerf, Leroy Hood, Patti Grace Smith, Mark Hurd, Paul Jacobs, and many others. FiReStarters are selected based on the strength of their innovations and their potential to bring positive change to the world, and are showcased at an exclusive investor reception at the FiRe conference, in panels throughout the event, and with ongoing relationships introduced and supported by SNS.

Hosted by Mark Anderson, founder and publisher of the Strategic News Service™, the Future in Review® (FiRe) conference exposes world experts and participants to new ideas in a manner that produces an accurate portrait of the future in technology, including the global economy, cloud computing, biology and medical diagnostics, policy, netbooks, space travel, sustainability, and other fields that contribute to technology outcomes. (Strategic News Service and the SNS weekly global report have been accurately predicting the technology industry's future since 1995.)

CEO Gino Pereira will be discussing the Wocket® smart wallet and innovations and changes in the transitioning payment industry. He noted, "We are proud to be selected as one of only twelve companies nationwide as a 2015 FiReStarter company to be featured at the 13th annual Future in Review (FiRe) conference; a conference which has been described by *The Economist* as the best technology conference in the world."

Wocket® is the smartest wallet you'll ever own. Designed to protect your identity and replace your old wallet, simply swipe and save your cards into Wocket once and they are immediately secured with pin and biometric voice print technology. Without ever needing a smartphone, you can choose a card from the touch screen and Wocket programs its single, smart card (Wocket Card) to match your selection. From there, you just swipe as you normally would virtually anywhere that credit cards are accepted today.

All your credit, debit, loyalty, gift, ID, membership, insurance, medical information, passwords, and other information can be protected on Wocket®.

About NXT- ID Inc. - Mobile Security for a Mobile World: (NXTD)

NXT-ID, Inc.'s innovative MobileBio® solution mitigates consumer risks associated with mobile computing, m-commerce and smart OS-enabled devices. The company is focused on the growing m-commerce market, launching its innovative MobileBio® suite of biometric solutions that secure consumers' mobile platforms led by **Wocket®**; a next generation smart wallet designed to replace all the cards in your wallet, no smart phone required. Wocket was recognized as one of the top technology products at CES 2015 by multiple media outlets including Wired.com. The Wocket works most anywhere credit cards are accepted and only works with your biometric stamp of approval or passcode. <http://www.ocketwallet.com/>

NXT-ID' wholly owned subsidiary, 3D-ID LLC, is engaged in biometric identification and has 22 licensed patents in the field of 3D facial recognition <http://www.nxt-id.com/>, <http://3d-id.net/>

Forward-Looking Statements for NXT-ID: This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements reflect management's current expectations, as of the date of this press release, and involve certain risks and uncertainties. Forward-looking statements include statements herein with respect to the successful execution of the Company's business strategy. The Company's actual results could differ materially from those anticipated in these forward-looking statements as a result of various factors. Such risks and uncertainties include, among other things, our ability to establish and maintain the proprietary nature of our technology through the patent process, as well as our ability to possibly license from others patents and patent applications necessary to develop products; the availability of financing; the Company's ability to implement its long range business plan for various applications of its technology; the Company's ability to enter into agreements with any necessary marketing and/or distribution partners; the impact of competition, the obtaining and maintenance of any necessary regulatory clearances applicable to applications of the Company's technology; and management of growth and other risks and uncertainties that may be detailed from time to time in the Company's reports filed with the Securities and Exchange Commission.
