UP TO [●] SHARES OF COMMON STOCK UNDERLYING WARRANTS AND PRE-FUNDED WARRANTS

LogicMark, Inc.

LogicMark, Inc. (the “Company”, “LogicMark”, “we”, “us” or “our”) is offering, pursuant to this prospectus and on a best-efforts basis, up to [●] units (the “Units”), each Unit consisting of one share of common stock, par value \$0.0001 per share (the “Common Stock”), and one common stock purchase warrant exercisable for one share of Common Stock (the “Warrants”). Each Warrant, upon exercise at a price of \$[●] per share ([●]% of the assumed public offering price of the Unit), will result in the issuance of one share of Common Stock to the holder of such Warrant. The Warrants will be immediately exercisable and will expire five (5) years after their initial exercise date. This prospectus also relates to the shares of Common Stock that are issuable from time to time upon exercise of the Warrants (the “Warrant Shares”).

We are also offering to those purchasers, if any, whose purchase of Units in this offering would otherwise result in the purchaser, together with its affiliates and related parties, beneficially owning more than 4.99% (or, at the election of the purchaser, 9.99%) of our outstanding Common Stock immediately following the consummation of this offering, the opportunity to purchase, if they so choose, pre-funded units (“Pre-Funded Units”) in lieu of the Units that would otherwise result in ownership in excess of 4.99% (or, at the election of the purchaser, 9.99%) of our outstanding Common Stock, with each Pre-Funded Unit consisting of one pre-funded warrant to purchase one share of our Common Stock (each, a “Pre-Funded Warrant”), and one Warrant. The purchase price of each Pre-Funded Unit will equal the price per Unit, minus \$[●], and the exercise price of each Pre-Funded Warrant included in the Pre-Funded Unit will be \$[●] per share. There can be no assurance that we will sell any of the Pre-Funded Units being offered. The Pre-Funded Warrants offered hereby will be immediately exercisable and may be exercised at any time until exercised in full. For each Pre-Funded Unit we sell, the number of Units we are offering will be decreased on a one-for-one basis. Because we will issue one Warrant as part of each Unit or Pre-Funded Unit, the number of Warrants sold in this offering will not change as a result of a change in the mix of the Units and Pre-Funded Units sold.

We are also registering the Common Stock issuable from time to time upon exercise of the Warrants and Pre-Funded Warrants included in the Units and Pre-Funded Units offered hereby. See “Description of Securities That We Are Offering” in this prospectus for more information. We refer to the shares of our Common Stock, the Warrants, the Pre-Funded Warrants, and the shares of our Common Stock issued or issuable upon exercise of the Warrants and Pre-Funded Warrants, collectively, as the “Securities”.

Neither the Units nor the Pre-Funded Units have stand-alone rights nor will they be certificated or issued as stand-alone securities. The shares of Common Stock and Warrants included in the Units are immediately separable, and will be issued separately in this offering, and the Pre-Funded Warrants and Warrants included in the Pre-Funded Units are immediately separable, and will be issued separately in this offering.

Our Common Stock is listed on The Nasdaq Capital Market (“Nasdaq”) under the symbol “LGMK”. The last reported closing price for our Common Stock on Nasdaq on May 3, 2024 was \$0.8302 per share.

There is no established trading market for the Units, Pre-Funded Units, Warrants or Pre-Funded Warrants, and we do not expect a market to develop. In addition, we do not intend to apply for the listing of the Warrants or the Pre-Funded Warrants on any national securities exchange or other trading market. Without an active trading market, the liquidity of such securities will be limited.

The Securities will be offered at a fixed price and are expected to be issued in a single closing. Investors purchasing the Securities offered hereby will have the option to execute a securities purchase agreement with us. When we price the Securities, we will simultaneously enter into securities purchase agreements relating to the offering with those investors who so choose. We expect this offering to be completed not later than two (2) business days following the commencement of this offering and we will deliver all of the Securities to be issued in connection with this offering delivery versus payment/receipt versus payment upon receipt of investor funds received by us. Accordingly, neither we nor the placement agent have made any arrangements to place investor funds in an escrow account or trust account since the placement agent will not receive investor funds in connection with the sale of the Securities offered hereunder.

We are a “smaller reporting company” as defined under the federal securities laws and, under applicable U.S. Securities and Exchange Commission (“SEC”) rules, we have elected to comply with certain reduced public company reporting and disclosure requirements.

We have engaged [●] as our exclusive placement agent (the “placement agent”) to use its reasonable best efforts to solicit offers to purchase the Securities in this offering. The placement agent has no obligation to purchase any of the Securities from us or to arrange for the purchase or sale of any specific number or dollar amount of the Securities. Because there is no minimum offering amount required as a condition to closing in this offering, the actual public offering amount, placement agent’s fee, and proceeds to us, if any, are not presently determinable and may be substantially less than the total maximum offering amounts set forth above and throughout this prospectus. We have agreed to pay the placement agent the placement agent fees set forth in the table below. See “Plan of Distribution” in this prospectus for more information.

	<u>Per Unit</u>	<u>Per Pre-Funded Unit</u>	<u>Total</u>
Public offering price	\$	\$	\$
Placement agent fees ⁽¹⁾	\$	\$	\$
Proceeds, before expenses, to us ⁽²⁾	\$	\$	\$

(1) Represents a cash fee equal to 7.0% of the aggregate purchase price paid by investors in this offering. We have also agreed to reimburse the placement agent for certain of its offering-related expenses. See “Plan of Distribution” beginning on page 34 of this prospectus for a description of the compensation to be received by the placement agent.

(2) Does not include proceeds from the exercise of the Warrants and Pre-Funded Warrants in cash, if any.

Pursuant to the placement agency agreement that we have entered into with the placement agent in connection with this offering, in the event that the aggregate value of Securities sold in connection with this offering equals or exceeds \$5 million, we have agreed to issue to the placement agent warrants exercisable for up to a number of shares of Common Stock equal to three percent (3%) of the Securities issued in this offering, and such warrants shall have a term of five years. The registration statement of which this prospectus is a part also registers for sale such warrants and the shares of Common Stock issuable upon exercise of such warrants.

Investing in our securities involves a high degree of risk. See “Risk Factors” beginning on page 5 of this prospectus and in the documents which are incorporated by reference herein to read about factors you should consider before investing in our securities.

We will deliver the shares of Common Stock being issued to the purchasers electronically and will electronically deliver to such investors electronic warrant certificates for the Pre-Funded Warrants and the Warrants sold in this offering, upon closing and receipt of investor funds for the purchase of the Securities offered pursuant to this prospectus. We anticipate that delivery of the shares of Common Stock, Pre-Funded Warrants and Warrants against payment therefor will be made on or before [●], 2024.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Company Overview

LogicMark, Inc. provides personal emergency response systems ("PERS"), health communications devices, and Internet of Things ("IoT") technology that creates a connected care platform. The Company's devices provide people with the ability to receive care at home and age independently. The Company's PERS devices incorporate two-way voice communication technology directly in the medical alert pendant and provide life-saving technology at a customer-friendly price point aimed at everyday consumers. These PERS technologies as well as other personal safety devices are sold direct-to-consumer through the Company's eCommerce website and Amazon.com, through dealers and distributors, as well as directly to the United States Veterans Health Administration (the "VHA"). The Company was awarded a contract by the U.S. General Services Administration (the "GSA") that enables the Company to distribute its products to federal, state, and local governments (the "GSA Agreement").

Healthcare

LogicMark builds technology to remotely check, manage and monitor a loved one's health and safety. The Company is focused on modernizing remote monitoring to help people stay safe and live independently longer. We believe there are five trends driving the demand for better remote monitoring systems:

- 1. The "Silver Tsunami".** With 11,000 Baby Boomers turning 65 in the U.S. every day, there will be more older adults than children under 18 for the first time in the near future. With 72 million "Baby Boomers" in the United States, they are not only one of the largest generations, but the wealthiest. Unlike generations before them, Baby Boomers are reliant and comfortable with technology. Most of them expect to live independently in their current home or downsize to a smaller home as they get older.
- 2. Shift to At-Home Care.** As it stands, the current healthcare system is unprepared for the resource strain and is shifting much of the care elderly patients used to receive at a hospital or medical facility to the patient's home. The rise of digital communication to support remote care exploded during the COVID-19 pandemic. The need for connected and remote monitoring devices is more necessary and in-demand than ever before.
- 3. Rise of Data and IoT.** Doctors and clinicians are asking patients to track more and more vital signs. Whether it's how they're reacting to medication or tracking blood sugar, patients and their caregivers are participating in their healthcare in unprecedented ways. Consumers are using data collected from connected devices like never before. This data can be used to prevent health emergencies as technology companies use machine learning (ML) / artificial intelligence ("AI") to learn patient patterns and alert the patient and their care team of potential emergencies, leading to a switch from predicting potential problems to reacting to current problems after they occur.
- 4. Lack of Healthcare Workers.** It's estimated that 20% of healthcare workers quit during the COVID-19 pandemic. Many healthcare workers who were working during the COVID-19 pandemic suffered from burnout, exhaustion and demoralization due to the COVID-19 pandemic. There were not enough healthcare workers to support our entire population throughout the pandemic, let alone enough to support our elderly population. The responsibility of taking care of elderly family members is increasingly falling on the family, and they need help.
- 5. Rise of the Care Economy.** The term "Care Economy" refers to the money people contribute to care for people until the end of their lives; the Care Economy offsets the deficiencies within the healthcare system and the desire to age in place. There has been little innovation in the industry because the majority of PERS are operated by home security companies. It is not their main line of business, and they have little expertise in developing or launching machine-learning algorithms or artificial intelligence.

Together, we believe these trends have produced a large and growing market opportunity for LogicMark. The Company enjoys a strong base of business with the VHA and plans to expand to other government agencies after being awarded the five-year GSA Agreement in July 2021, which is renewable for up to 25 years.

The PERS Opportunity

PERS, also known as a medical alert or medical alarm system, is designed to detect a threat that requires attention and then immediately contacts a trusted family member and/or the emergency medical workforce. Unlike conventional alarm systems which consist of a transmitter and are activated in the case of an emergency, PERS transmits signals to an alarm monitoring medical team, which then departs for the location where the alarm was activated. These types of medical alarms are traditionally utilized by the disabled, elderly or those living alone.

The PERS market is generally divided into direct-to-consumer and healthcare customer channels. With the advent of new technologies, demographic changes, and our five previously stated trends in healthcare, an expanded opportunity exists for LogicMark to provide at-home and on-the-go health and safety solutions to both customer channels.

For LogicMark, growing the healthcare opportunity relies on partnering with organizations such as government, Medicaid, hospitals, insurance companies, managed care organizations, affiliates and dealers. Partners can provide leads at no cost for new and replacement customers, have significant buying power and can provide collaboration on product research and development.

Our longstanding partnership with the VHA is a good example. LogicMark has sold over 850,000 PERS devices since 2012, of which over 500,000 devices have been sold to the U.S. government. The signing of the GSA Agreement in 2021 further strengthened our partnership with the government and expanded our ability to capture new sales. We envision a continued focus on growing the healthcare channel during 2023 given lower acquisition costs and higher customer unit economics.

In addition to the healthcare channel, LogicMark also expects to continue growth in sales volume through its direct-to-consumer channel. It is estimated that approximately 70% of PERS customers fall into the direct-to-consumer category. Family members regularly conduct research and purchase PERS devices for their loved ones through online websites. The Company expects traditionally higher customer acquisition costs to be balanced by higher sales growth and lower sales cycles with an online DTC channel.

With the growth in IoT devices, data driven solutions using AI and ML are helping guide the growth of the PERS industry. In both the healthcare and direct-to-consumer channels, product offerings can include 24/7 emergency response, fall detection, location tracking and geo-fencing, activity monitoring, medication management, caregiver and patient portals, concierge services, telehealth, vitals monitoring, and customer dashboards. These product offerings are primarily delivered via mobile and home-base equipment. LogicMark will also continue to pursue research and development partnerships to grow our product offering.

Implications of Being A Smaller Reporting Company

To the extent that we continue to qualify as a “smaller reporting company,” as such term is defined in Rule 12b-2 under the Exchange Act, we will continue to be permitted to make certain reduced disclosures in our periodic reports and other documents that we file with the SEC.

Corporate Information

We were originally incorporated in the State of Delaware on February 8, 2012. In July 2016, we acquired LogicMark, LLC, which operated as a wholly-owned subsidiary of the Company until December 30, 2021, when it was merged into the Company (formerly known as Nxt-ID, Inc.) along with the Company’s other subsidiary, 3D-ID, LLC. Effective February 28, 2022, the Company changed its name from Nxt-ID, Inc. to LogicMark, Inc. The Company has realigned its business strategy with that of its former LogicMark, LLC operating division, managing contract manufacturing and distribution of non-monitored and monitored PERS sold through the VHA, direct-to-consumers, healthcare durable medical equipment dealers and distributors and monitored security dealers and distributors.

On June 1, 2023, the Company was incorporated in the State of Nevada by merging its predecessor entity with and into its wholly-owned subsidiary, LogicMark, Inc., a Nevada corporation, pursuant to an agreement and plan of merger, dated as of June 1, 2023. Such Nevada entity survived and succeeded to the assets, continued the business and assumed the rights and obligations of LogicMark, Inc., the Delaware corporation that existed immediately prior to the effective date of such agreement.

Our principal executive office is located at 2801 Diode Lane, Louisville, KY 40299, and our telephone number is (502) 519-2419. Our website address is www.logicmark.com. The information contained therein or connected thereto shall not be deemed to be incorporated into this prospectus.

THE OFFERING

Units offered by us	Up to [●] Units, each consisting of one share of Common Stock and one Warrant to purchase one share of Common Stock. The Units have no stand-alone rights and will not be certificated or issued as stand-alone securities. The Common Stock and Warrants are immediately separable and will be issued separately in this offering.
Pre-Funded Units offered by us	We are also offering to those purchasers, if any, whose purchase of Units in this offering would otherwise result in the purchaser, together with its affiliates and certain related parties, beneficially owning more than 4.99% (or, at the election of the purchaser, 9.99%) of our outstanding Common Stock immediately following the consummation of this offering, Pre-Funded Units, each consisting of one Pre-Funded Warrant to purchase one share of our Common Stock and one Warrant to purchase one share of our Common Stock. The Pre-Funded Units have no stand-alone rights and will not be certificated or issued as stand-alone securities. The Pre-Funded Warrants and Warrants are immediately separable and will be issued separately in this offering. For each Pre-Funded Unit we sell, the number of Units we are offering will be decreased on a one-for-one basis. The purchase price of each Pre-Funded Unit is equal to the price per Unit being sold to the public in this offering, minus \$[●], and the exercise price of each Pre-Funded Warrant included in the Pre-Funded Unit is \$[●] per share. Because we will issue a Warrant as part of each Unit or Pre-Funded Unit, the number of Warrants sold in this offering will not change as a result of a change in the mix of the Units and Pre-Funded Units sold.
Warrants	Each Warrant will have an exercise price of \$[●] (equal to [●]% of the assumed public offering price of each Unit sold in this offering). Each Warrant will be immediately exercisable by paying the aggregate exercise price for the Warrants and will expire on the fifth anniversary of their initial exercise date. To better understand the terms of the Warrants, you should carefully read the “Description of Securities That We Are Offering” section of this prospectus. You should also read the form of Warrant, which is filed as an exhibit to the registration statement of which this prospectus forms a part. This offering also relates to the shares of Common Stock issuable upon exercise of the Warrants.
Pre-Funded Warrants	Each Pre-Funded Warrant will be immediately exercisable at an exercise price of \$[●] per share of our Common Stock and may be exercised at any time until exercised in full. To better understand the terms of the Pre-Funded Warrants, you should carefully read the “Description of Securities That We Are Offering” section of this prospectus. You should also read the form of Pre-Funded Warrant, which is filed as an exhibit to the registration statement of which this prospectus forms a part. This offering also relates to the shares of Common Stock issuable upon exercise of the Pre-Funded Warrants.
Placement Agent Warrants	The registration statement of which this prospectus is a part also registers for sale warrants to purchase up to [●] shares of our Common Stock issuable to the placement agent, as a portion of the compensation payable to the placement agent in connection with this offering. In accordance with the terms of the placement agency agreement, the Placement Agent Warrants (the “PA Warrants”) will only be issued to the placement agent in the event that \$5 million or more of the Securities are sold in this offering. The PA Warrants will be exercisable for a five-year period commencing on [●], 2024, or 180 days following the effective date of the registration statement of which this prospectus is a part, at an exercise price of \$[●], which is equal to [●]% of the assumed public offering price of the Units offered hereby. Please see “Plan of Distribution — Placement Agent Warrants” for a description of the PA Warrants.

Assumed Public offering price per Unit and per Pre-Funded Unit	\$[●] per Unit and \$[●] per Pre-Funded Unit
Common Stock outstanding immediately after this offering ⁽¹⁾	[●] shares of Common Stock (assuming the sale of all of the Securities offered hereby, and assuming no sale of any Pre-Funded Units and no exercise of the Warrants or PA Warrants issued in this offering).
Use of proceeds	<p>We estimate that the net proceeds to us from the offering will be approximately \$[●] million (based on an assumed public offering price of \$[●] per Unit), after deducting the placement agent fees and estimated offering expenses payable by us, and assuming the sale of all Units offered hereby, no sale of any Pre-Funded Units and no exercise of the Warrants or PA Warrants issued in this offering. However, this is a best-efforts offering with no minimum number of Securities or amount of proceeds as a condition to closing, and we may not sell all or any of the Securities offered pursuant to this prospectus; as a result, we may receive significantly less in net proceeds.</p> <p>We intend to use the net proceeds of this offering for continued new product development, working capital and other general corporate purposes. See “Use of Proceeds” for a more complete description of the intended use of proceeds from this offering.</p>
Purchases by directors and officers	Our directors and officers intend to purchase an aggregate of approximately [●] Units in this offering and have represented to us that such purchases will be solely for investment intent.
Offering period	The offering period for the shares will terminate [●] days following the date of this prospectus (i.e., [●], 2024) or when all of the Units and Pre-Funded Units (if applicable) are sold, whichever occurs first. At our discretion, we may extend the offering to a subsequent date that we determine at the time of the extension, but in no event beyond [●], 2024. The date on which this offering ends is referred to in this prospectus as the “expiration date.” We also reserve the right to end the offering at any time if we determine that the total amount of subscriptions will provide adequate capitalization for us.
Risk factors	An investment in our securities is highly speculative and involves substantial risk. Please carefully consider the “Risk Factors” section on page 5 and other information in this prospectus for a discussion of factors to consider before deciding to invest in the Securities offered hereby. Additional risks and uncertainties not presently known to us or that we currently deem to be immaterial may also impair our business and operations.
Lock-up agreements	We and our directors and officers have agreed with the placement agent, subject to certain exceptions, not to offer for sale, issue, sell, contract to sell, pledge or otherwise dispose of any of our Common Stock or securities convertible into common stock for a period of 30 days from the date of this prospectus without the prior written consent of the placement agent. See “Plan of Distribution.”
Transfer agent, warrant agent and registrar	The transfer agent and registrar for our Common Stock and the Warrant Agent for the Warrants will be Nevada Agency and Transfer Company, with its business address at 50 West Liberty Street, Suite 880, Reno NV 89501 and its telephone number is (775) 322-5623.
Nasdaq symbol and trading	Our Common Stock is listed on Nasdaq under the symbol “LGMK”. There is no established trading market for the Units, Pre-Funded Units, Warrants or Pre-Funded Warrants, and we do not expect a trading market for any such securities to develop. We do not intend to list such securities on any securities exchange or other trading market. Without a trading market, the liquidity of such securities will be extremely limited.

(1) Shares of our Common Stock that will be outstanding after this offering is based on 2,196,612 shares of Common Stock outstanding as of May 3, 2024, and excludes the following as of such date: (i) the exercise of outstanding warrants to purchase up to an aggregate of 9,531,242 shares of Common Stock at a weighted average exercise price of approximately \$39.44 per share, (ii) the exercise of outstanding options granted to certain directors of the Company to purchase up to an aggregate of 170,470 shares of Common Stock at a weighted average exercise price of \$8.04 per share, (iii) the conversion of the 106,333 outstanding shares of Series F Preferred Stock into up to 2,658 shares of Common Stock based on a conversion price equal to \$120 per share and (iv) the shares of Common Stock issuable upon exercise of the Warrants, Pre-Funded Warrants and PA Warrants.

Investors are further advised that the risks described below may not be the only risks we face. Additional risks that we do not yet know of, or that we currently think are immaterial, may also negatively impact our business operations or financial results. Any of the risks and uncertainties set forth in this prospectus and in the documents incorporated by reference herein, as updated by annual, quarterly and other reports and documents that we file with the SEC and incorporate by reference into this prospectus, could materially and adversely affect our business, results of operations and financial condition, which in turn could materially and adversely affect the value of our securities.

Risks Related to this Offering and Ownership of Our Securities

This is a best-efforts offering, no minimum amount of Securities is required to be sold, and we may not raise the amount of capital that we believe is required for our business plans.

The placement agent has agreed to use its reasonable best efforts to solicit offers to purchase the Securities in this offering. The placement agent has no obligation to buy any of the Securities from us or to arrange for the purchase or sale of any specific number or dollar amount of the Securities. There is no required minimum number of Securities that must be sold as a condition to completion of this offering. Because there is no minimum offering amount required as a condition to the closing of this offering, the actual offering amount, placement agent fees and proceeds to us are not presently determinable and may be substantially less than the maximum amounts set forth herein. We may sell fewer than all of the Securities offered hereby, which may significantly reduce the amount of proceeds received by us, and investors in this offering will not receive a refund in the event that we do not sell an amount of Securities sufficient to support our continued operations. Thus, we may not raise the amount of capital that we believe is required for our operations and may need to raise additional funds. Such additional fundraises may not be available or available on terms acceptable to us.

The ownership interests of management as a result of their purchases in this offering could enable such insiders to prevent a merger that may provide shareholders a premium for their shares.

Our directors and officers intend to purchase an aggregate of [●] Units in this offering, or approximately [●]% of our outstanding shares of Common Stock at the midpoint of the offering range upon the separation of Units into their component shares and Warrants upon the consummation of this offering. This may result in management controlling a significant percentage of shares of Common Stock. If such individuals were to act together, they could have significant influence over the outcome of any shareholder vote. This voting power may discourage a potential sale of the Company that its shareholders may desire.

The market price for our Common Stock is particularly volatile given our status as a relatively unknown company with a small and thinly traded public float, and lack of profits, which could lead to wide fluctuations in our share price. You may be unable to sell your shares of Common Stock at or above the assumed public offering price of the Common Stock included in the Units purchased in this offering, which may result in substantial losses to you.

The market for our Common Stock is characterized by significant price volatility when compared to the shares of larger, more established companies that have large public floats, and we expect that our share price will continue to be more volatile than the shares of such larger, more established companies for the indefinite future. The volatility in our share price is attributable to a number of factors. First, as noted above, our Common Stock is, compared to the shares of such larger, more established companies, sporadically and thinly traded. The price for our Common Stock could, for example, decline precipitously in the event that a large number of our Common Stock is sold on the market without commensurate demand. Secondly, we are a speculative or “risky” investment due to our lack of profits to date. As a consequence of this enhanced risk, more risk-adverse investors may, under the fear of losing all or most of their investment in the event of negative news or lack of progress, be more inclined to sell their shares of Common Stock on the market more quickly and at greater discounts than would be the case with the stock of a larger, more established company that has a large public float. Many of these factors are beyond our control and may decrease the market price of our Common Stock regardless of our operating performance.

Because of volatility in the stock market in general, the market price of our Common Stock will also likely be volatile.

The stock market in general, and the market for stocks of healthcare technology companies in particular, has been highly volatile. As a result, the market price of our Common Stock is likely to be volatile, and investors in our Common Stock may experience a decrease, which could be substantial, in the value of their shares of Common Stock or the loss of their entire investment for a number of reasons, including reasons unrelated to our operating performance or prospects. The market price of our Common Stock could be subject to wide fluctuations in response to a broad and diverse range of factors, including those described elsewhere in this “Risk Factors” section and this prospectus and the following:

- recent price volatility and any known risks of investing in our Common Stock under these circumstances;
- the market price of our Common Stock prior to the recent price volatility;
- any recent change in financial condition or results of operations, such as in earnings, revenues or other measure of company value that is consistent with the recent change in the prices of our Common Stock; and
- risk factors addressing the recent extreme volatility in stock price, the effects of a potential “short squeeze” due to a sudden increase in demand for our Common Stock as a result of current investor exuberance associated with technology-related stocks, the impact that this offering could have on the price of our Common Stock and on investors where there is a significant number of shares of Common Stock being offered relative to the number of shares of our Common Stock currently outstanding and, to the extent that the Company expects to conduct additional offerings in the future to fund its operations or provide liquidity, the dilutive impact of those offerings on investors that purchase such shares in the offering at a significantly higher price.

Substantial future sales of shares of our Common Stock could cause the market price of our Common Stock to decline.

We expect that significant additional capital will be needed in the near future to continue our planned operations. Sales of a substantial number of shares of our Common Stock in the public market following the completion of this offering, or the perception that these sales might occur, could depress the market price of our Common Stock and could impair our ability to raise capital through the sale of additional equity securities. We are unable to predict the effect that such sales may have on the prevailing market price of our Common Stock.

We may seek to raise additional funds, finance acquisitions or develop strategic relationships by issuing securities that would dilute the ownership of the Common Stock. Depending on the terms available to us, if these activities result in significant dilution, it may negatively impact the trading price of our shares of Common Stock.

We have financed our operations, and we expect to continue to finance our operations, acquisitions, if any, and the development of strategic relationships by issuing equity and/or convertible securities, which could significantly reduce the percentage ownership of our existing stockholders. Further, any additional financing that we secure may require the granting of rights, preferences or privileges senior to, or pari passu with, those of our Common Stock. Additionally, we may acquire other technologies or finance strategic alliances by issuing our equity or equity-linked securities, which may result in additional dilution. Any issuances by us of equity securities may be at or below the prevailing market price of our Common Stock and in any event may have a dilutive impact on your ownership interest, which could cause the market price of our Common Stock to decline. We may also raise additional funds through the incurrence of debt or the issuance or sale of other securities or instruments senior to our shares of Common Stock. The holders of any securities or instruments we may issue may have rights superior to the rights of our common stockholders. If we experience dilution from issuance of additional securities and we grant superior rights to new securities over such stockholders, it may negatively impact the trading price of our shares of Common Stock.

We could issue “blank check” preferred stock without stockholder approval with the effect of diluting then current stockholder interests and impairing their voting rights; and provisions in our charter documents could discourage a takeover that stockholders may consider favorable.

Our Articles of Incorporation authorizes the issuance of up to 10,000,000 shares of “blank check” preferred stock with designations, rights and preferences as may be determined from time to time by our Board. Our Board is empowered, without stockholder approval, to issue a series of preferred stock with dividend, liquidation, conversion, voting or other rights which could dilute the interest of, or impair the voting power of, our common stockholders. The issuance of a series of preferred stock could be used as a method of discouraging, delaying or preventing a change in control of the Company. For example, it would be possible for our Board to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change control of the Company. The Series C Preferred Stock currently ranks senior to the Common Stock and our Series F Preferred Stock, and any class or series of capital stock created after the Series C Preferred Stock and has a special preference upon the liquidation of the Company. The Series F Preferred Stock currently ranks senior to the Common Stock and any class or series of capital stock created after the Series F Preferred Stock and has a special preference upon the liquidation of the Company. For further information regarding our shares of (i) Series C Preferred Stock, please refer to the disclosure contained in our Current Report on Form 8-K filed with the SEC on May 30, 2017 and the Certificate of Designations for our Series C Preferred Stock filed as an exhibit to our Current Report on Form 8-K filed with the SEC on June 2, 2023 and (ii) Series F Preferred Stock, please refer to the disclosure contained in our Current Report on Form 8-K filed with the SEC on August 17, 2021 and the Certificate of Designation for the Series F Preferred Stock filed as an exhibit to our Current Report on Form 8-K filed with the SEC on June 2, 2023.

If and when a larger trading market for our Common Stock develops, the market price of our Common Stock is still likely to be highly volatile and subject to wide fluctuations, and you may be unable to resell your shares of Common Stock at or above the assumed public offering price of the shares of Common Stock included in the Units in this offering.

The market price of our Common Stock may be highly volatile and could be subject to wide fluctuations in response to a number of factors that are beyond our control, including, but not limited to:

- variations in our revenues and operating expenses;
- actual or anticipated changes in the estimates of our operating results or changes in stock market analyst recommendations regarding our Common Stock, other comparable companies or our industry generally;
- market conditions in our industry, the industries of our customers and the economy as a whole;
- actual or expected changes in our growth rates or our competitors’ growth rates;
- developments in the financial markets and worldwide or regional economies;
- announcements of innovations or new products or services by us or our competitors;
- announcements by the government relating to regulations that govern our industry;
- sales of our Common Stock or other securities by us or in the open market;
- changes in the market valuations of other comparable companies; and
- other events or factors, many of which are beyond our control, including those resulting from such events, or the prospect of such events, including war, terrorism and other international conflicts, public health issues including health epidemics or pandemics, and natural disasters such as fire, hurricanes, earthquakes, tornados or other adverse weather and climate conditions, whether occurring in the United States or elsewhere, could disrupt our operations, disrupt the operations of our suppliers or result in political or economic instability.

In addition, if the market for technology stocks or the stock market in general experiences loss of investor confidence, the trading price of our Common Stock could decline for reasons unrelated to our business, financial condition or operating results. The trading price of our Common Stock might also decline in reaction to events that affect other companies in our industry, even if these events do not directly affect us. Each of these factors, among others, could harm the value of your investment in our Common Stock and our other securities. In the past, following periods of volatility in the market, securities class-action litigation has often been instituted against companies. Such litigation, if instituted against us, could result in substantial costs and diversion of management's attention and resources, which could materially and adversely affect our business, operating results and financial condition.

We may acquire other technologies or finance strategic alliances by issuing our equity or equity-linked securities, which may result in additional dilution to our stockholders.

If securities or industry analysts do not publish research or reports about our business, or publish negative reports about our business, our share price and trading volume could decline.

The trading market for our Common Stock may depend in part on the research and reports that securities or industry analysts may publish about us or our business, our market and our competitors. We do not have any control over such analysts. If one or more such analysts downgrade or publish a negative opinion of our Common Stock, our share price would likely decline. If analysts do not cover our Company or do not regularly publish reports on us, we may not be able to attain visibility in the financial markets, which could have a negative impact on our share price or trading volume.

We do not anticipate paying dividends on our Common Stock in the foreseeable future; you should not invest in our Securities if you expect dividends.

The payment of dividends on our Common Stock will depend on earnings, financial condition and other business and economic factors affecting us at such time as our Board may consider relevant. If we do not pay dividends, our shares of Common Stock may be less valuable because a return on your investment will only occur if our stock price appreciates.

Additionally, the holder of our shares of Series C Preferred Stock are entitled to receive dividends pursuant to the Series C Certificate of Designations. The Series C Certificate of Designations requires us to pay cash dividends on our Series C Preferred Stock on a quarterly and cumulative basis at a rate of five percent (5%) per annum commencing on the date of issuance of such shares, which rate increases to fifteen percent (15%) per annum in the event that the Company's market capitalization is \$50 million or greater for thirty consecutive days. We are currently obligated to declare and pay \$75,000 in quarterly dividends on our shares of Series C Preferred Stock. The Series F Certificate of Designation required us to pay dividends on our Series F Preferred Stock at a rate of ten percent (10%) per annum commencing on the date of issuance of such shares, which were payable until the earlier of the date on which such shares were converted or twelve months from such date of issuance, as applicable. As of the date of this prospectus, we are no longer obligated to declare and pay dividends on outstanding shares of Series F Preferred Stock, as such shares were issued over twelve months prior to such date, and an aggregate of approximately 37,800 shares of Common Stock are payable as dividends to the holder of our shares of Series F Preferred Stock.

Subject to the payment of dividends on our shares of Series C Preferred Stock, we currently intend to retain our future earnings to support operations and to finance expansion and, therefore, we do not anticipate paying any cash dividends on our capital stock in the foreseeable future.

Financial Industry Regulatory Authority, Inc. (“FINRA”) sales practice requirements may limit a stockholder’s ability to buy and sell our shares Common Stock.

FINRA has adopted rules that require that in recommending an investment to a customer, a broker-dealer must have reasonable grounds for believing that the investment is suitable for that customer. Prior to recommending speculative low-priced securities to their non-institutional customers, broker-dealers must make reasonable efforts to obtain information about the customer’s financial status, tax status, investment objectives and other information. Under interpretations of these rules, FINRA believes that there is a high probability that speculative low-priced securities will not be suitable for certain customers. FINRA requirements will likely make it more difficult for broker-dealers to recommend that their customers buy our shares of Common Stock, which may have the effect of reducing the level of trading activity in our common stock. As a result, fewer broker-dealers may be willing to make a market in our Common Stock, reducing a stockholder’s ability to resell shares of our Common Stock.

Our management will have broad discretion over the use of the net proceeds from this offering, you may not agree with how we use the proceeds and the proceeds may not be invested successfully.

Our management will have broad discretion as to the use of the net proceeds from this offering and could use them for purposes other than those contemplated at the time of commencement of this offering. Accordingly, you will be relying on the judgment of our management regarding the use of these net proceeds, and you will not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately. It is possible that, pending their use, we may invest the net proceeds in a way that does not yield a favorable, or any, return for us. The failure of our management to use such funds effectively could have a material adverse effect on our business, financial condition, operating results and cash flows.

There is no public market for the Units, Pre-Funded Units, Warrants or Pre-Funded Warrants.

There is no established public trading market for the Units, Pre-Funded Units, Warrants or Pre-Funded Warrants offered hereby, and we do not expect a market to develop. In addition, we do not intend to apply to list such securities on any national securities exchange or other nationally recognized trading system, including Nasdaq. Without an active market, the liquidity of such securities will be limited.

The Warrants and the Pre-Funded Warrants in this offering are speculative in nature.

Following this offering, the market value of the Warrants and the Pre-Funded Warrants, if any, is uncertain and there can be no assurance that the market value of the Warrants and the Pre-Funded Warrants will equal or exceed their imputed assumed public offering price. In the event that our Common Stock price does not exceed the exercise price of the Warrants during the period when such Warrants and Pre-Funded are exercisable, such Warrants and Pre-Funded Warrants may not have any value. Furthermore, each Warrant and Pre-Funded Warrant will expire five years from its initial exercise date.

Holders of the Warrants and Pre-Funded Warrants will not have rights of holders of our shares of Common Stock until such Warrants and Pre-Funded Warrants are exercised.

The Warrants and Pre-Funded Warrants in this offering do not confer any rights of share ownership on their holders, but rather merely represent the right to acquire shares of our Common Stock at a fixed price. Until holders of Warrants and Pre-Funded Warrants acquire shares of our Common Stock upon exercise of the Warrants and Pre-Funded Warrants, as applicable, holders of Warrants and Pre-Funded Warrants will have no rights with respect to our shares of Common Stock underlying such Warrants and Pre-Funded Warrants.

Purchasers who purchase the Securities in this offering pursuant to a securities purchase agreement may have rights not available to purchasers that purchase without the benefit of a securities purchase agreement.

In addition to rights and remedies available to all purchasers in this offering under federal securities and state law, the purchasers that enter into a securities purchase agreement will also be able to bring claims of breach of contract against us. The ability to pursue a claim for breach of contract provides those investors with the means to enforce the covenants uniquely available to them under the securities purchase agreement.

Risks Related to Our Business

Our inability to win or renew government contracts during regulated procurement processes or preferences granted to certain bidders for which we would not qualify could harm our operations and significantly reduce or eliminate our profits.

U.S. government contracts are awarded through a regulated procurement process. The U.S. government has increasingly relied upon multi-year contracts with pre-established terms and conditions, such as indefinite delivery, indefinite quantity (“IDIQ”) contracts, which generally require those contractors who have previously been awarded contracts to engage in an additional competitive bidding process. The increased competition may require us to make sustained efforts to reduce costs to realize revenue and profits under government contracts. If we are not successful in reducing the amount of costs we incur, our profitability on government contracts will be negatively impacted.

The U.S. government has also increased its use of contracts in which the client qualifies multiple contractors for a specific program and then awards specific task orders or projects among the qualified contractors, which have the potential to create pricing pressure and to increase our costs by requiring us to submit multiple bids and proposals. The competitive bidding process entails substantial costs and managerial time to prepare bids and proposals for contracts that may not be awarded to us or may be split among competitors. Further, the U.S. government has announced specific statutory goals regarding awarding prime and subcontracts to small businesses, women-owned small businesses, service-disabled veteran-owned businesses and small disadvantaged businesses, which may obligate us to involve such businesses as subcontractors with respect to these contracts, resulting in lower margins than when we sell direct. While we are unaware of any reason why our status as a public company would negatively impact our ability to compete for and be awarded government contracts, our inability to win or renew government contracts during regulated procurement processes or as a result of the policies pursuant to which these processes are implemented could harm our operations and significantly reduce or eliminate our profits.

Further, our U.S. government contracts are subject to termination by the U.S. government either at its convenience or upon the default of the contractor. Termination for convenience provisions provides only for the recovery of costs incurred or committed, settlement expenses, and profit on work completed prior to termination. Termination for default clauses imposes liability on the contractor for excess costs incurred by the U.S. government in re-procuring undelivered items from another source. Any decisions by the U.S. government to not exercise contract options or to terminate, cancel, delay, modify or curtail our major programs or contracts would adversely affect our revenues, revenue growth and profitability.

A failure by us to continue to generate task orders or fulfill our obligations under an IDIQ contract with the GSA, or our inability to secure an IDIQ contract with the GSA, would have a material adverse effect on our financial condition and results of operation.

Our contract with the GSA provides for the issuance by the government of orders for our PERS products under the GSA Agreement and contains a multi-year term with unfunded ceiling amounts, which allow but do not commit the GSA to purchase from us. Additionally, although we currently do not have an IDIQ contract with the GSA, we may not be able to secure an IDIQ contract with the GSA. A failure to be awarded task orders under any contracts with the government would have a material adverse effect on our results of operations and financial conditions. Additionally, any failure by us to fulfill our contractual obligations under these government contracts, or to secure an IDIQ contract with the GSA, would result in substantially reduced revenue and profits and would have a material adverse effect on our financial condition and results of operation. Our ability to fulfill our contractual obligations may be limited by our ability to devote sufficient resources and limited by availability of material supplies. If we do not fulfill our contractual obligations in a timely manner, we may experience delays in product delivery which would postpone receipt of revenue from those delayed deliveries. Additionally, if we are consistently unable to fulfill the orders and other related obligations, this may be a disincentive to customers to award large contracts to us in the future until they are comfortable that we can effectively manage the orders, or even result a termination of an existing contract.

INDUSTRY AND MARKET DATA

Unless otherwise indicated, information contained in this prospectus concerning our industry and the market in which we operate, including our market position, market opportunity and market size, is based on information from various sources, on assumptions that we have made based on such data and other similar sources and on our knowledge of the markets for our products. These data sources involve a number of assumptions and limitations, and you are cautioned not to give undue weight to such estimates.

We have not independently verified any third-party information. While we believe the market position, market opportunity and market size information included in this prospectus is generally reliable, and reasonable, such information is inherently imprecise. In addition, projections, assumptions and estimates of our future performance and the future performance of the industry in which we operate is necessarily subject to a high degree of uncertainty and risk due to a variety of factors, including those described in the section titled “Risk Factors,” “Special Note Regarding Forward-Looking Statements” and elsewhere in this prospectus, any supplements or amendments thereto and in any documents that we incorporate by reference into the registration statement of which this prospectus forms a part. These and other factors could cause results to differ materially from those expressed in the estimates made by the independent parties and by us.

USE OF PROCEEDS

We estimate that the net proceeds to us from this offering will be approximately \$[●] million (assuming the sale of all of the Securities offered hereby, at an assumed public offering price of \$[●] per Unit, the closing sale price of our Common Stock on Nasdaq on [●], 2024, and assuming no sale of any Pre-Funded Units and no exercise of the Warrants or PA Warrants issued in connection with this offering), after deducting the placement agent fees and estimated offering expenses payable by us. We will only receive additional proceeds from the exercise of the Warrants, Pre-Funded Warrants (if any Pre-Funded Units are sold) and PA Warrants issuable in connection with this offering if such Warrants, Pre-Funded Warrants or PA Warrants are exercised at their assumed exercise price of \$[●] per share, \$[●] per share and \$[●] per share, respectively, and the holders of such Warrants, Pre-Funded Warrants and PA Warrants pay the exercise price of such Warrants, Pre-Funded Warrants and PA Warrants in cash. However, because this is a best-efforts offering and there is no minimum offering amount required as a condition to the closing of this offering, the actual offering amount, the placement agent's fees and net proceeds to us are not presently determinable and may be substantially less than the maximum amounts set forth on the cover page of this prospectus.

A \$[●] increase (decrease) in the assumed public offering price of \$[●] per Unit would increase (decrease) the net proceeds to us from this offering by approximately \$[●] million, using the same assumptions set forth above.

Similarly, a 100,000 increase (decrease) in the number of Units offered by us, as set forth on the cover page of this prospectus, would increase (decrease) the net proceeds to us by approximately \$[●], using the same assumptions set forth above.

We intend to use the proceeds of this offering for continued new product development, working capital and general corporate purposes.

The precise amount and timing of the application of such net proceeds will depend upon our funding requirements and the availability and cost of other funds. Our management will have considerable discretion in the application of the net proceeds from this offering, and it is possible that we may allocate the proceeds differently than investors in the offering may desire or that we may fail to maximize the return on these proceeds. You will be relying on the judgment of our management with regard to the use of proceeds from this offering, and you will not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

DIVIDEND POLICY

We have never declared or paid any dividends on our Common Stock. We currently intend to retain all available funds and any future earnings for the operation and expansion of our business and, therefore, we do not anticipate declaring or paying dividends in the foreseeable future.

The payment of dividends on our Common Stock will be at the discretion of our Board, are subject to the terms of the Series C Certificate of Designations and the dividend payments made to holders of our shares of Series C Preferred Stock, and will depend on our results of operations, capital requirements, financial condition, prospects, contractual arrangements, any limitations on payment of dividends present in our future debt agreements, and other factors that our Board may deem relevant. The Series F Certificate of Designation required us to pay dividends on our Series F Preferred Stock commencing on the date of issuance of such shares, which were payable until the earlier of the date on which such shares were converted or twelve months from such date of issuance, as applicable. As of the date of this prospectus, we are no longer obligated to declare and pay dividends on outstanding shares of Series F Preferred Stock, as such shares were issued over twelve months prior to such date. See “*Risk Factors – We do not anticipate paying dividends on our Common Stock in the foreseeable future; you should not invest in our Securities if you expect dividends.*”

CAPITALIZATION

The following table sets forth our actual cash and cash equivalents and our capitalization as of December 31, 2023:

- on an actual basis;
- on a pro forma basis to give effect to the April 5, 2024 grant of 46,200 restricted shares of Common Stock to the Company’s Chief Executive Officer pursuant to the Company’s 2023 Stock Incentive Plan (the “2023 Plan”); and
- on a pro forma as adjusted basis to give effect to the issuance and sale of [●] Units, assuming no Pre-Funded Units are sold and no exercise of any Warrants or PA Warrants, after deducting placement agent fees and estimated offering expenses payable by us.

You should read this information in conjunction with “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and our financial statements and related notes appearing in our Annual Report on Form 10-K for the fiscal year ended December 31, 2023, filed with the SEC on April 16, 2023, which are incorporated by reference in the registration statement of which this prospectus forms a part. A \$[●] increase in the assumed public offering price of \$[●] per Unit would increase cash and cash equivalents, working capital, total assets, and total stockholders’ equity by approximately \$[●] million, assuming the number of Units and Pre-Funded Units offered by us, as set forth on the cover of this prospectus, remains the same and after deducting the placement agent fees and estimated offering expenses payable by us, and assuming the sale of all Units offered hereby, no sale of any Pre-Funded Units and no exercise of the Warrants or PA Warrants issued in connection with this offering. An increase (decrease) in the number of Units that we are offering of 100,000 Units would increase (decrease) cash and cash equivalents, working capital, total assets, and total stockholders’ equity by approximately \$[●], after deducting the placement agent fees and estimated offering expenses payable by us, and assuming the sale of all Units offered hereby, no sale of any Pre-Funded Units and no exercise of the Warrants or PA Warrants issued in connection with this offering and that the assumed public offering price of such Units remains as set forth on the cover page of this prospectus. The pro forma as adjusted information discussed above is illustrative only and will adjust based on the actual offering price and other terms of this offering determined at pricing.

The total number of shares of our Common Stock reflected in the discussion and tables above is based on 2,150,412 shares of our Common Stock outstanding as of December 31, 2023, which number of outstanding shares excludes as of such date: (i) the exercise of outstanding warrants to purchase up to an aggregate of 9,531,242 shares of Common Stock at a weighted average exercise price of \$39.44 per share; (ii) the exercise of outstanding options to purchase up to an aggregate of 59,228 shares of Common Stock at a weighted average exercise price of \$21.01 per share; (iii) the conversion of 106,333 outstanding shares of Series F Preferred Stock into any shares of Common Stock; and (iv) the exercise of any Warrants, Pre-Funded Warrants or PA Warrants issued in connection with this offering.

DILUTION

If you invest in the Securities being offered by this prospectus, your interest will be diluted immediately to the extent of the difference between the public offering price per Unit and the pro forma as adjusted net tangible book value per share of our Common Stock after this offering, assuming no Pre-Funded Units are sold.

Our historic net tangible book value as of December 31, 2023 was approximately \$6,261,874, or \$2.91 per share of our Common Stock. Historic net tangible book value per share is equal to our total tangible assets minus total liabilities, all divided by 2,150,412 shares of Common Stock outstanding at December 31, 2023.

After giving effect to the pro forma effect of the April 5, 2024 grant of 46,200 restricted shares of Common Stock to the Company's Chief Executive Officer pursuant to the 2023 Plan, our pro forma net tangible book value as of December 31, 2023 would have been approximately \$6,261,874, or approximately \$2.85 per share. This represents an immediate decrease in pro forma net tangible book value of approximately \$(0.06) per share to our existing stockholders, as illustrated by the table below. After giving effect to such grant of restricted shares of Common Stock and to our sale in this offering of [●] Units offered by this prospectus (assuming a public offering price of \$[●] per Unit), and after deducting placement agent fees and estimated offering expenses payable by us, assuming no Pre-Funded Units are sold and no exercise of the Warrants or PA Warrants, our pro forma as adjusted net tangible book value as of December 31, 2023 would have been approximately \$[●], or approximately \$[●] per share. This represents an immediate increase in pro forma as adjusted net tangible book value of approximately \$[●] per share to our existing stockholders and an immediate dilution in pro forma as adjusted net tangible book value of approximately \$[●] per share to purchasers of our Securities in this offering, as illustrated by the following table:

Assumed public offering price per Unit	\$	[●]
Historical net tangible book value per share at December 31, 2023, before giving effect to this offering	\$	2.91
Decrease in pro forma net tangible per share attributable to current stockholders before giving effect to this offering	\$	(0.06)
Pro forma net tangible per share before giving effect to this offering	\$	2.85
Increase (decrease) in pro forma net tangible per share attributable to investors in this offering	\$	[●]
Pro forma net tangible book value per share, as adjusted to give effect to this offering	\$	[●]
Dilution to pro forma as adjusted net tangible book value per share to investors in this offering	\$	[●]

A \$[●] increase in the assumed public offering price of \$[●] per Unit (which is based on the last reported closing price of our Common Stock of \$[●] per share on [●], 2024), would increase our pro forma as adjusted net tangible book value after giving effect to this offering by approximately \$[●] and the dilution to pro forma as adjusted net tangible book value per share to new investors in this offering by \$[●] per share, assuming the number of Units, placement agent fees and estimated offering expenses payable by us remain the same and assuming no Pre-Funded Warrants are sold and no exercise of the Warrants or PA Warrants.

The total number of shares of our Common Stock reflected on a pro forma as adjusted basis in the discussion and table above is based on 2,150,412 shares of our Common Stock outstanding as of December 31, 2023 and excludes as of such date: (i) the exercise of outstanding warrants to purchase up to an aggregate of 9,531,242 shares of Common Stock at a weighted average exercise price of \$39.44 per share; (ii) the exercise of outstanding options of the Company to purchase up to an aggregate of 59,228 shares of Common Stock at a weighted average exercise price of \$21.01 per share; (iii) the conversion of the 106,333 outstanding shares of Series F Preferred Stock into any shares of Common Stock; and (iv) the exercise of any Warrants, Pre-Funded Warrants or PA Warrants issued in connection with this offering.

To the extent that our outstanding options, warrants or shares of Series F Preferred Stock are exercised or converted, as applicable, you could experience further dilution. To the extent that we raise additional capital through the sale of additional equity, the issuance of any of our shares of Common Stock could result in further dilution to our stockholders.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of May 3, 2024, information regarding beneficial ownership of our capital stock by:

The percentage ownership information shown in the table prior to this offering is based upon 2,196,612 shares of Common Stock, 10 shares of Series C Preferred Stock, and 106,333 shares of Series F Preferred outstanding as of May 3, 2024. The percentage ownership information shown in the table after this offering is based upon [●] shares of Common Stock (based on the sale of [●] shares of Common Stock included in the Units in this offering, at an assumed public offering price of \$[●] per Unit), 10 shares of Series C Preferred Stock, and 106,333 shares of Series F Preferred Stock convertible into an aggregate of 2,658 shares of Common Stock, outstanding as of such date, assuming the sale of all Units offered hereby, and assuming no sale of any Pre-Funded Units and no exercise of the Warrants or PA Warrants issued in this offering.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power of that security, including securities that are exercisable for shares of Common Stock, Series C Preferred Stock or Series F Preferred Stock within sixty (60) days of May 3, 2024. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of Common Stock, Series C Preferred Stock or Series F Preferred Stock shown that they beneficially own, subject to community property laws where applicable.

For purposes of computing the percentage of outstanding shares of our Common Stock, Series C Preferred Stock, and Series F Preferred Stock held by each holder or group of holders named above, any shares of Common Stock, Series C Preferred Stock or Series F Preferred Stock that such holder or holders has the right to acquire within sixty (60) days of May 3, 2024 is deemed to be outstanding, but is not deemed to be outstanding for the purpose of computing the percentage ownership of any other holder. The inclusion herein of any shares of Common Stock, Series C Preferred Stock or Series F Preferred Stock listed as beneficially owned does not constitute an admission of beneficial ownership. Unless otherwise identified, the address of each beneficial owner listed in the table below is c/o LogicMark, Inc., 2801 Diode Lane, Louisville, KY 40299.

- (1) The number of shares owned and the beneficial ownership percentages set forth in these columns are based on 2,196,612 shares of Common Stock issued and outstanding as of May 3, 2024. Shares of Common Stock issuable pursuant to options, preferred stock or warrants currently exercisable or exercisable within sixty (60) days are considered outstanding for purposes of computing the percentage beneficial ownership of the holder of such options, preferred stock, or warrants; they are not considered outstanding for purposes of computing the percentage of any other stockholder. Exercises of certain warrants and conversions of certain shares of preferred stock held by certain stockholders listed above are subject to certain beneficial ownership limitations, which provide that a holder of such securities will not have the right to exercise or convert any portion of such securities, as applicable, if such holder, together with such holder's affiliates, would beneficially own in excess of 4.99% or 9.99%, as applicable, of the number of shares of Common Stock outstanding immediately after giving effect to such exercise, provided that upon at least 61 days' prior notice to the Company, such holder may increase or decrease such limitation up to a maximum of 9.99% of the number of shares of Common Stock outstanding. As a result, the number of shares of Common Stock reflected in these columns as beneficially owned by the applicable stockholders includes (a) any outstanding shares of Common Stock held by such stockholder, and (b) if any, the securities convertible into or exercisable for shares of Common Stock that may be held by such stockholder, in each case which such stockholder has the right to acquire as of May 3, 2024 and without such holder or any of such holder's affiliates beneficially owning more than 4.99% or 9.99%, as applicable, of the number of outstanding shares of Common Stock as of May 3, 2024.

- (2) Percentage of total voting power represents voting power with respect to all shares of Common Stock, Series C Preferred Stock and Series F Preferred Stock. The holders of our Common Stock and Series C Preferred Stock are entitled to one vote per share. The holders of our Series F Preferred Stock vote on an as-converted to Common Stock basis.

Shares of Common Stock beneficially owned exclude the Company's Series B-2 common stock purchase warrants exercisable for up to 75,000 shares of Common Stock, which remains contingent on the Company's stockholders approving the issuance of such Series B-2 common stock purchase warrants pursuant to the inducement agreement entered into between the Company and such holder in November 2023. Common Stock

Each share of Common Stock entitles the holder to one vote, either in person or by proxy, at meetings of stockholders. Our stockholders are not permitted to vote their shares cumulatively. Accordingly, the holders of our Common Stock who hold, in the aggregate, more than 50% of the total voting rights can elect all of our directors and, in such event, the holders of the remaining minority shares will not be able to elect any of such directors. The vote of the holders of a majority of the issued and outstanding shares of Common Stock entitled to vote thereon is sufficient to authorize, affirm, ratify or consent to such act or action, except as otherwise provided by law.

Holders of Common Stock are entitled to receive ratably such dividends, if any, as may be declared by our Board out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends will be at the discretion of our Board and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements, and other factors.

Holders of our Common Stock have no preemptive rights or other subscription rights, conversion rights, redemption or sinking fund provisions. Upon our liquidation, dissolution or winding up, the holders of our Common Stock will be entitled to share ratably in the net assets legally available for distribution to stockholders after the payment of all of our debts and other liabilities. The rights, preferences and privileges of holders of our common stock will be subject to, and may be adversely affected by, the rights of the holders of shares of the Series C Preferred Stock, Series F Preferred Stock or any series of preferred stock that we may designate in the future.

Warrants and Pre-Funded Warrants

The Warrants will be issued in accordance with a warrant agency agreement to be entered into between us and Nevada Agency and Transfer Company. The Pre-Funded Warrants will not be managed by the Warrant Agent and will be issued directly by the Company.

The following summary of certain terms and provisions of the Warrants and Pre-Funded Warrants offered hereby and such warrant agency agreement is not complete and is subject to, and qualified in its entirety by, the provisions of the form of Warrant, form of Pre-Funded Warrant and form of such agreement, each of which is filed as an exhibit to the registration statement of which this prospectus is a part. Prospective investors should carefully review the terms and provisions set forth in the form of Warrant, form of Pre-Funded Warrant and such warrant agency agreement.

Duration and Exercise Price

Each Warrant offered hereby will have an initial exercise price per share equal to \$[●] per share. Each Pre-Funded Warrant offered hereby will have an initial exercise price per share equal to \$[●] per share. The Warrants and Pre-Funded Warrants will be immediately exercisable by paying the aggregate exercise price for the shares of Common Stock being exercised and will expire on the fifth anniversary of their respective initial exercise dates. The exercise price and number of shares of Common Stock issuable upon exercise of such Warrants and Pre-Funded Warrants are subject to appropriate adjustment in the event of stock dividends, stock splits, reorganizations or similar events affecting our Common Stock and the exercise price. In addition, the exercise price of each Warrant will be subject to a one-time adjustment in the event that a reverse stock split of the Common Stock occurs within 12 months of such Warrant's issuance. The Warrants will be issued separately from the shares of Common Stock included in the Units offered hereby and the Pre-Funded Warrants included in the Pre-Funded Units offered hereby, as applicable, and each of the Warrants and Pre-Funded Warrants may be transferred separately immediately thereafter. A Warrant to purchase one (1) share of our Common Stock will be issued for every one (1) share of Common Stock included in each Unit purchased in this offering and for every one (1) Pre-Funded Warrant included in each Pre-Funded Unit purchased in this offering.

Exercisability

The Warrants and Pre-Funded Warrants will be exercisable, at the option of each holder, in whole or in part, by delivering a duly executed exercise notice accompanied by payment in full for the number of shares of our Common Stock purchased upon such exercise. A holder (together with its affiliates) may not exercise any portion of the Warrant or Pre-Funded Warrant to the extent that the holder would own more than 4.99% (or at the election of the holder, 9.99%) of the outstanding Common Stock immediately after exercise, except that upon at least 61 days' prior notice from the holder to us, the holder may increase the amount of ownership of outstanding stock after exercising the holder's Warrants or Pre-Funded Warrants. No fractional shares of Common Stock will be issued in connection with the exercise of a Warrant or Pre-Funded Warrant. In lieu of fractional shares, we will, at our election, either pay the holder an amount in cash equal to the fractional amount multiplied by the exercise price or round up to the next whole share.

Fundamental Transaction

In the event of a fundamental transaction, as described in the Warrants and Pre-Funded Warrants and generally including any reorganization, recapitalization or reclassification of our Common Stock, the sale, transfer or other disposition of all or substantially all of our properties or assets, our consolidation or merger with or into another person, the acquisition of more than 50% of our outstanding Common Stock, or any person or group becoming the beneficial owner of 50% of the voting power represented by our outstanding Common Stock, the holders of the Warrants or Pre-Funded Warrants, as applicable, will be entitled to receive upon exercise of such Warrants and Pre-Funded Warrants the kind and amount of securities, cash or other property that the holders would have received had they exercised such Warrants and Pre-Funded Warrants immediately prior to such fundamental transaction. Notwithstanding the foregoing, in the event of such a fundamental transaction, the holders will have the option, which may be exercised within 30 days after the consummation of the fundamental transaction, to require the company or the successor entity purchase such Warrant or Pre-Funded Warrant from the holder by paying to the holder an amount of cash equal to the Black Scholes Value (as defined in such Warrant or Pre-Funded Warrant) of the remaining unexercised portion of such Warrant or Pre-Funded Warrant on the date of the consummation of such transaction. However, if such fundamental transaction is not within the Company's control, including not approved by the Board, the holder will only be entitled to receive from the Company or any successor entity, as of the date of consummation of such fundamental transaction, the same type or form of consideration (and in the same proportion), at the Black Scholes Value of the unexercised portion of such Warrant or Pre-Funded Warrant, that is being offered and paid to the holders of Common Stock in connection with the fundamental transaction, whether that consideration be in the form of cash, stock or any combination thereof, or whether the holders of Common Stock are given the choice to receive from among alternative forms of consideration in connection with the fundamental transaction.

Transferability

Subject to applicable laws, a Warrant or Pre-Funded Warrant may be transferred at the option of the holder upon surrender of such Warrant or Pre-Funded Warrant together with the appropriate instruments of transfer.

Exchange Listing

There is no established public trading market for the Warrants or Pre-Funded Warrants, and we do not expect a market to develop. We do not intend to list the Warrants or Pre-Funded Warrants on any securities exchange or nationally recognized trading system. Without an active trading market, the liquidity of the Warrants and Pre-Funded Warrants will be limited.

Warrant Agent; Global Certificate.

The Warrants and Pre-Funded Warrants will be issued in registered form under a warrant agent agreement between the Warrant Agent and us. The Warrants and Pre-Funded Warrants will initially be represented only by one or more global warrants deposited with the Warrant Agent, as custodian on behalf of The Depository Trust Company (DTC) and registered in the name of Cede & Co., a nominee of DTC, or as otherwise directed by DTC.

Right as a Stockholder

Except as otherwise provided in the Warrants or Pre-Funded Warrants or by virtue of such holder's ownership of shares of our Common Stock, the holders of the Warrants and Pre-Funded Warrants do not have the rights or privileges of holders of our Common Stock, including any voting rights, until they exercise their Warrants and Pre-Funded Warrants.

Amendment and Waiver

The Warrants and Pre-Funded Warrants may be modified or amended or the provisions thereof waived with the written consent of the Company and the holders thereof.

Governing Law.

The Warrants and the Pre-Funded Warrants are governed by Nevada law.

Anti-Takeover Provisions

Some features of the Nevada Revised Statutes (“NRS”), which are further described below, may have the effect of deterring third parties from making takeover bids for control of us or may be used to hinder or delay a takeover bid. This would decrease the chance that our stockholders would realize a premium over market price for their shares of Common Stock as a result of a takeover bid. These provisions may also adversely affect the prevailing market price for shares of our Common Stock.

Acquisition of Controlling Interest

The NRS contain provisions governing acquisition of a controlling interest of a Nevada corporation. These provisions provide generally that any person or entity that acquires a certain percentage of the outstanding voting shares of a Nevada corporation may be denied voting rights with respect to the acquired shares, unless certain criteria are satisfied. Our amended and restated bylaws provide that these provisions will not apply to us or to any existing or future stockholder or stockholders.

Combination with Interested Stockholder

The NRS contain provisions governing combinations of a Nevada corporation that has 200 or more stockholders of record with an “interested stockholder.” These provisions only apply to a Nevada corporation that, at the time the potential acquirer became an interested stockholder, has a class or series of voting shares listed on a national securities exchange, or has a class or series of voting shares traded in an “organized market” and satisfies certain specified public float and stockholder levels. As we do not now meet those requirements, we do not believe that these provisions are currently applicable to us. However, to the extent they become applicable to us in the future, they may have the effect of delaying or making it more difficult to affect a change in control of the Company in the future.

A corporation affected by these provisions may not engage in a combination within two years after the interested stockholder acquires his, her or its shares unless the combination or purchase is approved by the board of directors before the interested stockholder acquired such shares. Generally, if approval is not obtained, then after the expiration of the two-year period, the business combination may be consummated with the approval of the board of directors before the person became an interested stockholder or a majority of the voting power held by disinterested stockholders, or if the consideration to be received per share by disinterested stockholders is at least equal to the highest of:

- the highest price per share paid by the interested stockholder within the three years immediately preceding the date of the announcement of the combination or within three years immediately before, or in, the transaction in which he, she or it became an interested stockholder, whichever is higher;
- the market value per share on the date of announcement of the combination or the date the person became an interested stockholder, whichever is higher; or
- if higher for the holders of preferred stock, the highest liquidation value of the preferred stock, if any.

Generally, these provisions define an interested stockholder as a person who is the beneficial owner, directly or indirectly of 10% or more of the voting power of the outstanding voting shares of a corporation, and define combination to include any merger or consolidation with an interested stockholder, or any sale, lease, exchange, mortgage, pledge, transfer or other disposition, in one transaction or a series of transactions with an interested stockholder of assets of the corporation:

- having an aggregate market value equal to 5% or more of the aggregate market value of the assets of the corporation;
- having an aggregate market value equal to 5% or more of the aggregate market value of all outstanding shares of the corporation; or
- representing 10% or more of the earning power or net income of the corporation.

Anti-Takeover Effects of Certain Provisions of our Bylaws

Our bylaws provide that directors may be removed by the stockholders with or without cause upon the vote of a plurality of the votes cast at a meeting of stockholders. Furthermore, the authorized number of directors may be changed only by resolution of the Board, and vacancies may only be filled by a majority vote of the directors, although such majority is less than a quorum, or by a plurality of the votes cast at a meeting of stockholders. Except as otherwise provided in the bylaws and the articles of incorporation any vacancies or newly created directorships on the Board resulting from any increase in the authorized number of directors elected by all of the stockholders having the right to vote as a single class may be filled by a majority of the directors then in office, although less than a quorum.

Our bylaws also provide that only a director, chief executive officer, chief financial officer, president, vice president or corporate secretary may call a special meeting of stockholders.

The combination of these provisions makes it more difficult for our existing stockholders to replace our Board as well as for another party to obtain control of us by replacing our Board. Since our Board has the power to retain and discharge our officers, these provisions could also make it more difficult for existing stockholders or another party to effect a change in management. In addition, the authorization of undesignated preferred stock makes it possible for our Board to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to change our control.

These provisions are intended to enhance the likelihood of continued stability in the composition of our Board and its policies and to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed to reduce our vulnerability to hostile takeovers and to discourage certain tactics that may be used in proxy fights. However, such provisions could have the effect of discouraging others from making tender offers for our shares and may have the effect of delaying changes in our control or management. As a consequence, these provisions may also inhibit fluctuations in the market price of our Common Stock that could result from actual or rumored takeover attempts. We believe that the benefits of these provisions, including increased protection of our potential ability to negotiate with the proponent of an unfriendly or unsolicited proposal to acquire or restructure our Company, outweigh the disadvantages of discouraging takeover proposals, because negotiation of takeover proposals could result in an improvement of their terms.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES TO HOLDERS OF COMMON STOCK, PRE-FUNDED WARRANTS AND WARRANTS

The following is a summary of the material U.S. federal income tax consequences of the acquisition, ownership and disposition of the Units and/or Pre-Funded Units (which units or components thereof we sometimes refer to as our “securities” and holders thereof as “holders”), and the acquisition, ownership, exercise, expiration or disposition of the Warrants, but does not purport to be a complete analysis of all the potential tax considerations relating thereto. This summary is based upon the provisions of the Internal Revenue Code of 1986, as amended, or the Code, Treasury Regulations promulgated thereunder, administrative rulings and judicial decisions, all as of the date hereof. These authorities may be changed or subject to differing interpretations, possibly with retroactive effect, so as to result in U.S. federal income tax consequences different from those set forth below. We have not sought and will not seek any ruling from the Internal Revenue Service, or the IRS, with respect to the statements made and the conclusions reached in the following summary, and there can be no assurance that the IRS or a court will agree with such statements and conclusions.

Because the shares of Common Stock and the Warrant components of a Unit, and the Pre-Funded Warrant and the Warrant components of a Pre-Funded Warrant, are generally separable at the option of the holder, the holder of a Unit and/or Pre-Funded Warrant generally should be treated, for U.S. federal income tax purposes, as the owner of the underlying shares of Common Stock or Pre-Funded Warrant and Warrant components. As a result, the discussion below with respect to holders of our shares of Common Stock or Pre-Funded Warrants and Warrants should also apply to holders of Units and/or Pre-Funded Warrants (as the deemed owners of the underlying components that constitute the Units and/or the Pre-Funded Units).

This summary also does not address the tax considerations arising under the laws of any U.S. state or local or any non-U.S. jurisdiction, estate or gift tax, the 3.8% Medicare tax on net investment income or any alternative minimum tax consequences. In addition, this discussion does not address tax considerations applicable to a holder’s particular circumstances or to a holder that may be subject to special tax rules, including, without limitation:

- banks, insurance companies or other financial institutions;
- tax-exempt or government organizations;
- brokers or dealers in securities or currencies;
- traders in securities that elect to use a mark-to-market method of accounting for their securities holdings;
- persons that own, or are deemed to own, more than five percent of our capital stock;
- certain U.S. expatriates, citizens or former long-term residents of the United States;
- persons who hold our shares of Common Stock or Warrants as a position in a hedging transaction, “straddle,” “conversion transaction,” synthetic security, other integrated investment, or other risk reduction transaction;
- persons who do not hold our Common Stock or Warrants as a capital asset within the meaning of Section 1221 of the Code (generally, for investment purposes);
- persons deemed to sell our Common Stock or Warrants under the constructive sale provisions of the Code;
- pension plans;
- investors in any such entities;
- persons for whom our stock constitutes “qualified small business stock” within the meaning of Section 1202 of the Code;

- integral parts or controlled entities of foreign sovereigns;
- controlled foreign corporations;
- passive foreign investment companies and corporations that accumulate earnings to avoid U.S. federal income tax; or
- persons that acquire our Common Stock or Warrants as compensation for services.

In addition, if a partnership, including any entity or arrangement classified as a partnership for U.S. federal income tax purposes, holds our securities, the tax treatment of a partner generally will depend on the status of the partner, the activities of the partnership, and certain determinations made at the partner level. Accordingly, partnerships that hold our securities, and partners in such partnerships, should consult their tax advisors regarding the U.S. federal income tax consequences to them of the purchase, ownership, and disposition of our securities.

You are urged to consult your tax advisor with respect to the application of the U.S. federal income tax laws to your particular situation, as well as any tax consequences of the purchase, ownership and disposition of our securities arising under the U.S. federal estate or gift tax rules or under the laws of any U.S. state or local or any non-U.S. or other taxing jurisdiction or under any applicable tax treaty.

Definition of a U.S. Holder

For purposes of this summary, a “U.S. Holder” is any beneficial owner of our securities that is a “U.S. person,” and is not a partnership, or an entity treated as a partnership or disregarded from its owner, each for U.S. federal income tax purposes. A U.S. person is any person that, for U.S. federal income tax purposes, is or is treated as any of the following: (a) a citizen or individual resident of the United States, (b) a corporation (or other entity or arrangement treated as a corporation for U.S. federal income tax purposes) created in, or organized under the laws of, the United States or any state thereof or the District of Columbia, (c) an estate whose income is subject to United States federal income tax regardless of its source, or (d) a trust (i) the administration of which is subject to the primary supervision of a U.S. court and which has one or more United States persons (within the meaning of Section 7701(a)(30) of the Code) who have the authority to control all substantial decisions of the trust or (ii) that has otherwise elected to be treated as a United States person under the Code.

For purposes of this summary, a “Non-U.S. Holder” is any beneficial owner of our securities that is not a U.S. Holder or a partnership, or other entity treated as a partnership or disregarded from its owner, each for U.S. federal income tax purposes.

Allocation of Purchase Price and Characterization of a Unit

No statutory, administrative or judicial authority directly addresses the treatment of a Unit or instruments similar to a Unit for U.S. federal income tax purposes, and therefore, that treatment is not entirely clear. The acquisition of a Unit or Pre-Funded Unit should be treated for U.S. federal income tax purposes as the acquisition of one share of our Common Stock or Pre-Funded Warrants, as applicable, and one Warrant. We intend to treat the acquisition of a Unit and/or Pre-Funded Unit in this manner and, by purchasing a Unit or Pre-Funded Unit, you must adopt such treatment for tax purposes. For U.S. federal income tax purposes, each holder of a Unit or Pre-Funded Unit must allocate the purchase price paid by such holder for such Unit or Pre-Funded Unit between the share of our Common Stock or Pre-Funded Warrant, as applicable, and the Warrant based on the relative fair market value of each at the time of issuance. The price allocated to each share of our Common Stock or each Pre-Funded Warrant and Warrant should be the shareholder’s tax basis in such share of our Common Stock or Pre-Funded Warrant and Warrant. Any disposition of a Unit or Pre-Funded Unit should be treated for U.S. federal income tax purposes as a disposition of a share of our Common Stock or Pre-Funded Warrant, as applicable, and the Warrant comprising the Unit and Pre-Funded Unit, and the amount realized on the disposition should be allocated between the share of Common Stock or Pre-Funded Warrant, as applicable, and the Warrant based on their respective relative fair market values. The separation of a share of our Common Stock or Pre-Funded Warrant and the Warrant constituting a Unit or Pre-Funded Unit, as applicable, should not be a taxable event for U.S. federal income tax purposes.

The foregoing treatment of the Unit and Pre-Funded Unit and a holder's purchase price allocation are not binding on the IRS or the courts. Because there are no authorities that directly address instruments that are similar to the Units or Pre-Funded Units, no assurance can be given that the IRS or the courts will agree with the characterization described above or the discussion below. Accordingly, each prospective investor is urged to consult its own tax advisor regarding the tax consequences of an investment in a Unit or Pre-Funded Unit (including alternative characterizations thereof). The balance of this discussion assumes that the characterization of the Units and Pre-Funded Units described above is respected for U.S. federal income tax purposes.

Income Tax Treatment of Pre-Funded Warrants

Although not entirely free from doubt, a Pre-Funded Warrant should be treated as Common Stock for U.S. federal income tax purposes and a holder of Pre-Funded Warrants therefore should generally be taxed in the same manner as a holder of a share of our Common Stock, as described below. Accordingly, no gain or loss should be recognized upon the exercise of a Pre-Funded Warrant and, upon exercise, the holding period of a Pre-Funded Warrant should carry over to the shares of Common Stock received. Similarly, the tax basis of the Pre-Funded Warrant should carry over to the shares of Common Stock received upon exercise, increased by the exercise price of \$0.001 per share. Each prospective investor is urged to consult its tax advisors regarding the tax risks associated with the acquisition of Pre-Funded Warrants pursuant to this offering (including potential alternative characterizations). The balance of this discussion generally assumes that the characterization described above is respected for U.S. federal income tax purposes and the discussion below, to the extent it pertains to shares of our Common Stock, is generally intended also to pertain to Pre-Funded Warrants.

Tax Consequences to U.S. Holders

Distributions on Common Stock

As discussed above under "*Dividend Information – Dividend Policy*," we do not currently expect to make distributions on our Common Stock. In the event that we do make distributions of cash or other property, distributions paid on Common Stock, other than certain pro rata distributions of Common Stock, will be treated as a dividend to the extent paid out of our current or accumulated earnings and profits and will be includible in income by the U.S. Holder and taxable as ordinary income when received. If a distribution exceeds our current and accumulated earnings and profits, the excess will be first treated as a tax-free return of the U.S. Holder's investment, up to the U.S. Holder's tax basis in the Common Stock. Any remaining excess will be treated as a capital gain. Subject to applicable limitations, dividends paid to certain non-corporate U.S. Holders may be eligible for taxation as "qualified dividend income" and therefore may be taxable at rates applicable to long-term capital gains. U.S. Holders should consult their tax advisers regarding the availability of the reduced tax rate on dividends in their particular circumstances. Dividends received by a corporate U.S. Holder will be eligible for the dividends-received deduction if the U.S. Holder meets certain holding period and other applicable requirements.

A holder of a Pre-Funded Warrant should consult its tax advisor regarding the tax treatment of any distribution with respect to such Pre-Funded Warrant that is held in abeyance in connection with any applicable beneficial ownership cap.

Constructive Dividends on Warrants

Under Section 305 of the Code, an adjustment to the number of shares of Common Stock that will be issued on the exercise of the Warrants, or an adjustment to the exercise price of the Warrants, may be treated as a constructive distribution to a U.S. Holder of the Warrants if, and to the extent that, such adjustment has the effect of increasing such U.S. Holder's proportionate interest in our "earnings and profits" or assets, depending on the circumstances of such adjustment (for example, if such adjustment is to compensate for a distribution of cash or other property to our stockholders). Adjustments to the exercise price of a Warrant made pursuant to a bona fide reasonable adjustment formula that has the effect of preventing dilution of the interest of the holders of the Warrants should generally not result in a constructive distribution. Any constructive distributions would generally be subject to the tax treatment described above under "*Dividends on Common Stock*."

Sale or Other Disposition of Common Stock

For U.S. federal income tax purposes, gain or loss realized on the sale or other disposition of Common Stock will be capital gain or loss, and will be long-term capital gain or loss if the U.S. Holder held the Common Stock for more than one year. The amount of the gain or loss will equal the difference between the U.S. Holder's tax basis in the Common Stock disposed of and the amount realized on the disposition (or, if the shares of Common Stock, Pre-Funded Warrants or Warrants are held as part of Units or Pre-Funded Units, as applicable, at the time of the disposition, the portion of the amount realized on such disposition that is allocated to the shares of Common Stock, Pre-Funded Warrants or Warrants based upon the then fair market values of the shares of Common Stock or Pre-Funded Warrants and Warrants included in the Units or Pre-Funded Units, as applicable). Long-term capital gains recognized by non-corporate U.S. Holders will be subject to reduced tax rates. The deductibility of capital losses is subject to limitations.

Sale or Other Disposition, Exercise or Expiration of Warrants

For U.S. federal income tax purposes, gain or loss realized on the sale or other disposition of a Warrant (other than by exercise) will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder held the Warrant for more than one year at the time of the sale or other disposition. The amount of the gain or loss will equal the difference between the U.S. Holder's tax basis in the Warrant disposed of and the amount realized on the disposition.

In general, a U.S. Holder will not be required to recognize income, gain or loss upon the exercise of a Warrant by payment of the exercise price, except to the extent of cash paid in lieu of a fractional share. A U.S. Holder's tax basis in a share of Common Stock received upon exercise will be equal to the sum of (1) the U.S. Holder's tax basis in the Warrant and (2) the exercise price of the Warrant. A U.S. Holder's holding period in the stock received upon exercise will commence on the day or the day after such U.S. Holder exercises the Warrant. No discussion is provided herein regarding the U.S. federal income tax treatment on the exercise of a Warrant on a cashless basis, and U.S. Holders are urged to consult their tax advisors as to the exercise of a Warrant on a cashless basis.

If a Warrant expires without being exercised, a U.S. Holder will recognize a capital loss in an amount equal to such U.S. Holder's tax basis in the Warrant. This loss will be long-term capital loss if, at the time of the expiration, the U.S. Holder's holding period in the Warrant is more than one year. The deductibility of capital losses is subject to limitations.

FOR NON-U.S. HOLDERS

The following is a general discussion of the material U.S. federal income tax considerations applicable to non-U.S. holders (as defined herein) with respect to their ownership and disposition of our securities issued pursuant to this offering. All prospective non-U.S. holders of our securities should consult their tax advisors with respect to the U.S. federal, state, local and non-U.S. tax consequences of the purchase, ownership and disposition of our securities. In general, a non-U.S. holder means a beneficial owner of our Common Stock (other than a partnership or an entity or arrangement treated as a partnership for U.S. federal income tax purposes) that is not, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation, or an entity treated as a corporation for U.S. federal income tax purposes, created or organized in the United States or under the laws of the United States or of any state thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust if (1) a U.S. court can exercise primary supervision over the trust's administration and one or more U.S. persons have the authority to control all of the trust's substantial decisions or (2) the trust has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person.

This discussion is based on current provisions of the U.S. Internal Revenue Code of 1986, as amended, which we refer to as the Code, existing U.S. Treasury Regulations promulgated thereunder, published administrative pronouncements and rulings of the U.S. Internal Revenue Service, which we refer to as the IRS, and judicial decisions, all as in effect as of the date of this prospectus. These authorities are subject to change and to differing interpretation, possibly with retroactive effect. Any change or differing interpretation could alter the tax consequences to non-U.S. holders described in this prospectus.

We assume in this discussion that a non-U.S. holder holds shares of our securities as a capital asset within the meaning of Section 1221 of the Code (generally, for investment). This discussion does not address all aspects of U.S. federal income taxation that may be relevant to a particular non-U.S. holder in light of that non-U.S. holder's individual circumstances, nor does it address any alternative minimum, Medicare contribution, estate or gift tax consequences, or any aspects of U.S. state, local or non-U.S. taxes. This discussion also does not consider any specific facts or circumstances that may apply to a non-U.S. holder and does not address the special tax rules applicable to particular non-U.S. holders, such as holders that own, or are deemed to own, more than 5% of our capital stock (except to the extent specifically set forth below), corporations that accumulate earnings to avoid U.S. federal income tax, tax-exempt organizations, banks, financial institutions, insurance companies, brokers, dealers or traders in securities, commodities or currencies, tax-qualified retirement plans, holders who hold or receive our Common Stock pursuant to the exercise of employee stock options or otherwise as compensation, holders holding our Common Stock as part of a hedge, straddle or other risk reduction strategy, conversion transaction or other integrated investment, holders deemed to sell our Common Stock under the constructive sale provisions of the Code, controlled foreign corporations, passive foreign investment companies and certain former U.S. citizens or former long-term residents.

In addition, this discussion does not address the tax treatment of partnerships (or entities or arrangements that are treated as partnerships for U.S. federal income tax purposes) or persons that hold our securities through such partnerships. If a partnership, including any entity or arrangement treated as a partnership for U.S. federal income tax purposes, holds our securities, the U.S. federal income tax treatment of a partner in such partnership will generally depend upon the status of the partner and the activities of the partnership. Such partners and partnerships should consult their tax advisors regarding the tax consequences of the purchase, ownership and disposition of our securities.

There can be no assurance that a court or the IRS will not challenge one or more of the tax consequences described herein, and we have not obtained, nor do we intend to obtain, a ruling with respect to the U.S. federal income tax consequences to a non-U.S. holder of the purchase, ownership or disposition of our securities.

Distributions

As discussed in the section entitled "*Dividend Policy*," we do not anticipate paying any dividends on our Common Stock in the foreseeable future. If we make distributions on our Common Stock or on the Warrants (as described above under "Constructive Dividends on Warrants"), those payments will constitute dividends for U.S. federal income tax purposes to the extent we have current or accumulated earnings and profits, as determined under U.S. federal income tax principles. To the extent those distributions exceed both our current and our accumulated earnings and profits, they will constitute a return of capital and will first reduce a Non-U.S. Holder's basis in our Common Stock or the Warrants, as applicable, but not below zero. Any excess will be treated as capital gain and will be treated as described below under "Gain on Sale or Other Disposition of Common Stock or Warrants." Any such distributions would be subject to the discussions below regarding back-up withholding and the Foreign Account Tax Compliance Act, or FATCA.

Subject to the discussion below on effectively connected income, any dividend paid to a Non-U.S. Holder generally will be subject to U.S. withholding tax either at a rate of 30% of the gross amount of the dividend or such lower rate as may be specified by an applicable income tax treaty. To receive a reduced treaty rate, a Non-U.S. Holder must provide us or our agent with an IRS Form W-8BEN, IRS Form W-8 BEN-E or another appropriate version of IRS Form W-8 (or a successor form), which must be updated periodically, and which, in each case, must certify qualification for the reduced rate. Non-U.S. Holders should consult their tax advisors regarding their entitlement to benefits under any applicable income tax treaty.

Dividends paid to a Non-U.S. Holder that are effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States and that are not eligible for relief from U.S. (net basis) income tax under an applicable income tax treaty generally are exempt from the (gross basis) withholding tax described above. To obtain this exemption from withholding tax, the Non-U.S. Holder must provide the applicable withholding agent with an IRS Form W-8ECI or successor form or other applicable IRS Form W-8 certifying that the dividends are effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States. Such effectively connected dividends, if not eligible for relief under a tax treaty, would not be subject to a withholding tax, but would be taxed at the same graduated rates applicable to U.S. persons, net of certain deductions and credits and if, in addition, the Non-U.S. Holder is a corporation, may also be subject to a branch profits tax at a rate of 30% (or such lower rate as may be specified by an applicable income tax treaty).

If you are eligible for a reduced rate of withholding tax pursuant to a tax treaty, you may be able to obtain a refund of any excess amounts withheld if you timely file an appropriate claim for refund with the IRS.

Exercise or Expiration of Warrants

In general, a Non-U.S. Holder will not be required to recognize income, gain or loss upon the exercise of a Warrant by payment of the exercise price, except possibly to the extent of cash paid in lieu of a fractional share. However, no discussion is provided herein regarding the U.S. federal income tax treatment on the exercise of a Warrant on a cashless basis, and Non-U.S. Holders are urged to consult their tax advisors as to the exercise of a Warrant on a cashless basis.

If a Warrant expires without being exercised, a Non-U.S. Holder that is engaged in a U.S. trade or business to which any income from the Warrant would be effectively connected or who is present in the United States for a period or periods aggregating 183 days or more during the calendar year in which the expiration occurs (and certain other conditions are met) will recognize a capital loss in an amount equal to such Non-U.S. Holder's tax basis in the Warrant. The amount paid to purchase our Common Stock and Warrants will be apportioned between them in proportion to the respective fair market values of the Common Stock and Warrants, and the apportioned amount will be the tax basis of the Common Stock and Warrants respectively. The fair market value of our Common Stock for this purpose will generally be its trading value immediately after issuance.

Gain on Sale, Exchange or Other Disposition of Our Common Stock or Warrants

Subject to the discussion below regarding backup withholding and FATCA, a Non-U.S. Holder generally will not be required to pay U.S. federal income tax on any gain realized upon the sale or other disposition of our Common Stock or the Warrants unless:

- the gain is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States and not eligible for relief under an applicable income tax treaty, in which case the Non-U.S. Holder will be required to pay tax on the net gain derived from the sale under regular graduated U.S. federal income tax rates, and for a Non-U.S. Holder that is a corporation, such Non-U.S. Holder may be subject to the branch profits tax at a 30% rate (or such lower rate as may be specified by an applicable income tax treaty) on such effectively connected gain, as adjusted for certain items;
- the Non-U.S. Holder is an individual who is present in the United States for a period or periods aggregating 183 days or more during the calendar year in which the sale or disposition occurs and certain other conditions are met, in which case the Non-U.S. Holder will be required to pay a flat 30% tax on the gain derived from the sale, which tax may be offset by U.S. source capital losses (even though the Non-U.S. Holder is not considered a resident of the United States) (subject to applicable income tax or other treaties); or

- we are a “U.S. real property holding corporation” for U.S. federal income tax purposes, or a USRPHC, at any time within the shorter of the five-year period preceding the disposition or the Non-U.S. Holder’s holding period for our Common Stock or the Warrants. We believe we are not currently and do not anticipate becoming a USRPHC. However, because the determination of whether we are a USRPHC depends on the fair market value of our United States real property interests relative to the fair market value of our other business assets, there can be no assurance that we will not become a USRPHC in the future. Even if we become a USRPHC, however, gain arising from the sale or other taxable disposition by a Non-U.S. Holder of our Common Stock will not be subject to United States federal income tax if (A) in the case of our Common Stock, (a) shares of our Common Stock are “regularly traded,” as defined by applicable Treasury Regulations, on an established securities market, such as Nasdaq, and (b) the Non-U.S. Holder owns or owned, actually and constructively, 5% or less of the shares of our Common Stock throughout the five-year period ending on the date of the sale or exchange; and (B) in the case of the Warrants, either (a)(i) shares of our Common Stock are “regularly traded,” as defined by applicable Treasury Regulations, on an established securities market, such as Nasdaq, (ii) the Warrants are not considered regularly traded on an established securities market and (iii) the Non-U.S. Holder does not own, actually or constructively, Warrants with a fair market value greater than the fair market value of 5% of the shares of our Common Stock, determined as of the date that such Non-U.S. Holder acquired its Warrants, or (b)(i) the Warrants are considered regularly traded on an established securities market, and (ii) the Non-U.S. Holder owns or owned, actually and constructively, 5% or less of the Warrants throughout the five-year period ending on the date of the sale or exchange. The Warrants are not expected to be regularly traded on an established securities market. If the foregoing exception does not apply, and we are a USRPHC, such Non-U.S. Holder’s proceeds received on the disposition of shares will generally be subject to withholding at a rate of 15% and such Non-U.S. Holder will generally be taxed on any gain in the same manner as gain that is effectively connected with the conduct of a U.S. trade or business, except that the branch profits tax generally will not apply.

Backup Withholding and Information Reporting

Information returns may be filed with the IRS in connection with distributions on our Common Stock or constructive dividends on the Warrants, and the proceeds of a sale or other disposition of the Common Stock or the Warrants. A non-exempt U.S. Holder may be subject to U.S. backup withholding on these payments if it fails to provide its taxpayer identification number to the withholding agent and comply with certification procedures or otherwise establish an exemption from backup withholding.

A Non-U.S. Holder may be subject to U.S. information reporting and backup withholding on these payments unless the Non-U.S. Holder complies with certification procedures to establish that it is not a U.S. person (within the meaning of the Code). The certification requirements generally will be satisfied if the Non-U.S. Holder provides the applicable withholding agent with a statement on the applicable IRS Form W-8BEN or IRS Form W-8BEN-E (or suitable substitute or successor form), together with all appropriate attachments, signed under penalties of perjury, stating, among other things, that such Non-U.S. Holder is not a U.S. Person. Applicable Treasury Regulations provide alternative methods for satisfying this requirement. In addition, the amount of distributions on common stock or constructive dividends on common stock paid to a Non-U.S. Holder, and the amount of any U.S. federal tax withheld therefrom, must be reported annually to the IRS and the holder. This information may be made available by the IRS under the provisions of an applicable tax treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides.

Payment of the proceeds of the sale or other disposition of the Common Stock or the Warrants to or through a non-U.S. office of a U.S. broker or of a non-U.S. broker with certain specified U.S. connections generally will be subject to information reporting requirements, but not backup withholding, unless the Non-U.S. Holder certifies under penalties of perjury that it is not a U.S. person or an exemption otherwise applies. Payments of the proceeds of a sale or other disposition of the Common Stock or the Warrants to or through a U.S. office of a broker generally will be subject to information reporting and backup withholding, unless the Non-U.S. Holder certifies under penalties of perjury that it is not a U.S. person or otherwise establishes an exemption.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment generally will be allowed as a credit against the holder's U.S. federal income tax liability and may entitle the holder to a refund, provided that the required information is timely furnished to the IRS.

Foreign Account Tax Compliance Act

FATCA imposes withholding tax on certain types of payments made to foreign financial institutions and certain other non-U.S. entities. The legislation imposes a 30% withholding tax on dividends on, or, subject to the discussion of certain proposed Treasury Regulations below, gross proceeds from the sale or other disposition of, our Common Stock or the Warrants paid to a "foreign financial institution" or to certain "non-financial foreign entities" (each as defined in the Code), unless (i) the foreign financial institution undertakes certain diligence and reporting obligations, (ii) the non-financial foreign entity either certifies it does not have any "substantial United States owners" (as defined in the Code) or furnishes identifying information regarding each substantial United States owner, or (iii) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. If the payee is a foreign financial institution and is subject to the diligence and reporting requirements in (i) above, it must enter into an agreement with the U.S. Treasury requiring, among other things, that it undertake to identify accounts held by "specified United States persons" or "United States-owned foreign entities" (each as defined in the Code), annually report certain information about such accounts, and withhold 30% on payments to account holders whose actions prevent it from complying with these reporting and other requirements. If the country in which a payee is resident has entered into an "intergovernmental agreement" with the United States regarding FATCA, that agreement may permit the payee to report to that country rather than to the U.S. Department of the Treasury. The U.S. Treasury recently released proposed Treasury Regulations which, if finalized in their present form, would eliminate the federal withholding tax of 30% applicable to the gross proceeds of a sale or other disposition of our Common Stock or the Warrants. In its preamble to such proposed Treasury Regulations, the U.S. Treasury stated that taxpayers may generally rely on the proposed regulations until final regulations are issued. Prospective investors should consult their own tax advisors regarding the possible impact of these rules on their investment in our Common Stock or the Warrants, and the possible impact of these rules on the entities through which they hold our Common Stock or the Warrants, including, without limitation, the process and deadlines for meeting the applicable requirements to prevent the imposition of this 30% withholding tax under FATCA.

THE PRECEDING DISCUSSION IS FOR GENERAL INFORMATION ONLY. EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS TAX ADVISOR REGARDING THE PARTICULAR U.S. FEDERAL, STATE AND LOCAL AND NON-U.S. TAX CONSEQUENCES OF PURCHASING, HOLDING AND DISPOSING OF OUR COMMON STOCK, PRE-FUNDED WARRANTS AND WARRANTS, INCLUDING THE CONSEQUENCES OF ANY PROPOSED CHANGE IN APPLICABLE LAWS.

PLAN OF DISTRIBUTION

We have engaged [●] to act as our exclusive placement agent (the “placement agent”) to solicit offers to purchase the Securities offered by this prospectus. The placement agent is not purchasing or selling any Securities, nor is it required to arrange for the purchase and sale of any specific number or dollar amount of Securities, other than to use its “reasonable best efforts” to arrange for the sale of the Securities by us. Therefore, we may not sell the entire amount of Securities being offered. There is no minimum amount of proceeds that is a condition to closing of this offering. We will enter into a securities purchase agreement directly with the investors, at the investor’s option, who purchase the Securities in this offering. The placement agent may engage one or more subagents or selected dealers in connection with this offering.

The placement agency agreement provides that the placement agent’s obligations are subject to conditions contained in the placement agency agreement.

We will deliver the Securities being issued to the investors upon receipt of investor funds for the purchase of the securities offered pursuant to this prospectus. We expect to deliver the Securities being offered pursuant to this prospectus on or about [●], 2024.

Placement Agent Fees, Commissions and Expenses

Upon the closing of this offering, we will pay the placement agent a cash transaction fee equal to 7.0% of the aggregate gross cash proceeds to us from the sale of the Securities in the offering. Pursuant to the placement agency agreement, we will agree to reimburse the placement agent for certain out-of-pocket expenses of the placement agent payable by us, in an aggregate amount not to exceed \$75,000. The placement agency agreement, however, will provide that in the event this offering is terminated, the placement agent will only be entitled to the reimbursement of out-of-pocket accountable expenses actually incurred in accordance with FINRA Rule 5110(f)(2)(I).

The following table shows the public offering price, placement agent fees and proceeds, before expenses, to us.

	<u>Per Unit</u>	<u>Per Pre-Funded Unit</u>	<u>Total</u>
Public offering price	\$	\$	\$
Placement Agent Fees (7.0%)	\$	\$	\$
Proceeds, before fees and expenses, to us ⁽¹⁾	\$	\$	\$

(1) We estimate that the total expenses of the offering, including registration, filing and listing fees, printing fees and legal and accounting expenses, but excluding the placement agent’s fee, will be approximately \$[●], all of which are payable by us. This figure includes, among other things, the placement agent’s fees and expenses (including the legal fees, costs and expenses for the placement agent’s legal counsel) up to \$75,000.

Placement Agent Warrants

We have agreed to issue to the placement agent the PA Warrants to purchase up to a total of [●] shares of our Common Stock (3% of the aggregate number of shares of Common Stock included in the Units sold in connection with this offering) if the gross proceeds raised are equal to or greater than \$5,000,000. The PA Warrants will be exercisable commencing 180 days following the commencement of sales of the Securities and will terminate five-years following the effective date of the registration statement of which this prospectus is a part in compliance with FINRA Rule 5110(f)(2)(G)(i). The PA Warrants will be exercisable at a per share price equal to \$[●] per share, or [●]% of the assumed public offering price per Unit offered hereby. The PA Warrants have been deemed compensation by FINRA and are therefore subject to a 180-day lock-up pursuant to Rule 5110(g)(1) of FINRA. The placement agent (or permitted assignees under Rule 5110(g)(1)) will not sell, transfer, assign, pledge, or hypothecate the PA Warrants or the shares of Common Stock underlying the PA Warrants, nor will they engage in any hedging, short sale, derivative, put, or call transaction that would result in the effective economic disposition of the PA Warrants or the shares of Common Stock underlying the PA Warrants for a period of 180 days from the commencement of sales of the Securities in connection with this offering. The exercise price and number of shares issuable upon exercise of the PA Warrants may be adjusted in certain circumstances including in the event of a stock dividend, extraordinary cash dividend or our recapitalization, reorganization, merger or consolidation.

Lock-Up Agreements

We and each of our officers and directors have agreed, subject to certain exceptions, not to offer, issue, sell, contract to sell, encumber, grant any option for the sale of or otherwise dispose of any shares of our Common Stock or other securities convertible into or exercisable or exchangeable for our Common Stock for a period of 30 days after this offering is completed without the prior written consent of the placement agent.

The placement agent may in its sole discretion and at any time without notice release some or all of the shares subject to lock-up agreements prior to the expiration of the lock-up period. When determining whether or not to release shares from the lock-up agreements, the placement agent will consider, among other factors, the security holder's reasons for requesting the release, the number of shares for which the release is being requested and market conditions at the time.

Indemnification

We have agreed to indemnify the placement agent against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the placement agent may be required to make for these liabilities.

Other Compensation

If within twelve months following the consummation of this offering, we complete any equity, equity-linked, convertible or debt or other capital-raising activity of the Company for which the placement agent is not acting as underwriter or placement agent (other than the exercise by any person or entity of any options, warrants or other convertible securities) with any of the investors that were contacted, introduced or participated in this offering (excluding any investors that either held securities of the Company prior to the closing of this offering, or that were introduced by us to the placement agent), then we shall pay to the placement agent a cash fee commission as described in this section, in each case only with respect to the portion of such financing received from such investors.

Regulation M

The placement agent may be deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act, and any commissions received by it and any profit realized on the resale of the securities sold by it while acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. As an underwriter, the placement agent would be required to comply with the requirements of the Securities Act and the Exchange Act, including, without limitation, Rule 10b-5 and Regulation M under the Exchange Act. These rules and regulations may limit the timing of purchases and sales of our securities by the placement agent acting as principal. Under these rules and regulations, the placement agent (i) may not engage in any stabilization activity in connection with our securities and (ii) may not bid for or purchase any of our securities or attempt to induce any person to purchase any of our securities, other than as permitted under the Exchange Act, until it has completed its participation in the distribution.

Determination of Offering Price and Warrant Exercise Price

The actual offering price of the securities that we are offering, and the exercise price of the Warrants and Pre-Funded Warrants included in the Units and Pre-Funded Units that we are offering, were negotiated between us, the placement agent and the investors in the offering based on the trading of our shares of Common Stock prior to the offering, among other things. Other factors considered in determining the public offering price of the securities that we are offering, as well as the exercise price of the Warrants that we are offering include our history and prospects, the stage of development of our business, our business plans for the future and the extent to which they have been implemented, an assessment of our management, the general conditions of the securities markets at the time of the offering and such other factors as were deemed relevant.

Electronic Distribution

A prospectus in electronic format may be made available on a website maintained by the placement agent. In connection with the offering, the placement agent or selected dealers may distribute prospectuses electronically. No forms of electronic prospectus other than prospectuses that are printable as Adobe® PDF will be used in connection with this offering.

Other than the prospectus in electronic format, the information on the placement agent's website and any information contained in any other website maintained by the placement agent is not part of the prospectus or the registration statement of which this prospectus forms a part, has not been approved and/or endorsed by us or the placement agent in its capacity as placement agent and should not be relied upon by investors.

Certain Relationships

The placement agent and its respective affiliates have provided, and may provide from time to time in the future certain commercial banking, financial advisory, investment banking and other services for us in the ordinary course of their business, for which they may receive customary fees and commissions. In addition, from time to time, the placement agent and its respective affiliates may effect transactions for their own account or the account of customers, and hold on behalf of themselves or their customers, long or short positions in our debt or equity securities or loans, and may do so in the future. The placement agent and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments. However, except as disclosed in this prospectus, we have no present arrangements with the placement agent for any further services.

Transfer Agent and Registrar; Warrant Agent

The transfer agent and registrar for our Common Stock, and the Warrant Agent for the Warrants and Pre-Funded Warrants is Nevada Agency and Transfer Company, which is located at 50 West Liberty Street, Suite 880, Reno, NV 89501 and its telephone number is (775) 322-5623.

Listing

Our Common Stock is traded on Nasdaq under the symbol "LGMK".

There is no established trading market for the Units, Pre-Funded Units, Warrants or the Pre-Funded Warrants, and we do not expect a market to develop. In addition, we do not intend to list the Warrants or the Pre-Funded Warrants on Nasdaq or any other national securities exchange or any other nationally recognized trading system.

Item 14. Indemnification of Directors and Officers.

Section 78.138 of the NRS provides that, subject to certain exceptions under Nevada law, unless the articles of incorporation or an amendment thereto provides for greater individual liability, a director or officer is not individually liable to the Company or its stockholders or creditors for any damages as a result of any act or failure to act in his or her capacity as a director or officer unless it is proven that (i) the director’s or officer’s act or failure to act constituted a breach of his or her fiduciary duties as a director or officer and (ii) the breach of those duties involved intentional misconduct, fraud or a knowing violation of law. The Company’s articles of incorporation further provide that the personal liability of the directors of the Company is eliminated to the fullest extent permitted by the NRS.

Section 78.7502 of the NRS provides, in general, that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, except an action by or in the right of the corporation, by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys’ fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with the action, suit or proceeding if the person acted in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the conduct was unlawful.

NRS Section 78.7502 also provides, in general, that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses, including amounts paid in settlement and attorneys’ fees actually and reasonably incurred by the person in connection with the defense or settlement of the action or suit if the person acted in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation; provided, however, that indemnification may not be made for any claim, issue or matter as to which such a person has been adjudged by a court of competent jurisdiction, after exhaustion of all appeals therefrom, to be liable to the corporation or for amounts paid in settlement to the corporation, unless and only to the extent that the court in which the action or suit was brought or other court of competent jurisdiction determines upon application that in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper.

Any indemnification pursuant to the above provisions may be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances. The determination must be made: (a) by the stockholders; (b) by the board of directors by majority vote of a quorum consisting of directors who were not parties to the action, suit or proceeding; (c) if a majority vote of a quorum consisting of directors who were not parties to the action, suit or proceeding so orders, by independent legal counsel in a written opinion; or (d) if a quorum consisting of directors who were not parties to the action, suit or proceeding cannot be obtained, by independent legal counsel in a written opinion. The Company's articles of incorporation and bylaws comply with Nevada law as set forth above.

As permitted by Section 78.138 of the NRS, Article VII of the Company's articles of incorporation provides:

"To the full extent permitted by the ACT and any other applicable law currently or hereafter in effect, no director or officer of the Company will be personally liable to the Company or its stockholders for or with respect to any breach of fiduciary duty or other act or omission as a director."

Pursuant to an employment agreement, entered into on November 2, 2022 and effective as of June 14, 2022, with Chia-Lin Simmons, the Company's Chief Executive Officer (the "Employment Agreement"), and which the Company has assumed as successor to its predecessor Delaware corporation, the Company has agreed to defend, indemnify, and hold Ms. Simmons harmless from and against any and all claims, damages, penalties or expenses arising from or in connection with the performance of Ms. Simmons' job duties thereunder to the fullest extent required by law. Pursuant to an agreement, effective July 15, 2021, entered into with FLG Partners, LLC, as amended in February 2022 (the "FLG Agreement"), of which Mark Archer, the Company's Chief Financial Officer, is a partner, the Company, as successor to its predecessor Delaware corporation, has agreed to indemnify Mr. Archer and FLG Partners, LLC in connection with Mr. Archer's services to the Company. The foregoing descriptions of the Employment Agreement and FLG Agreement are not complete and are qualified in their entirety by reference to the full text of the Employment Agreement and FLG Agreement, which are attached as Exhibit 10.1 to the Company's Current Report on Form 8-K, filed with the SEC on November 4, 2022 (with respect to the Employment Agreement), and Exhibits 10.15 and 10.16 to the Company's Annual Report on Form 10-K, filed with the SEC on April 15, 2022 (with respect to the FLG Agreement).

The indemnification rights set forth above shall not be exclusive of any other right which an indemnified person may have or hereafter acquire under any bylaw provision, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee, or agent and shall inure to the benefit of the heirs, executors, and administrators of such person.

The Company has entered into indemnification agreements with each of its directors and executive officers, pursuant to which the Company has agreed to indemnify such persons against all expenses and liabilities incurred or paid by such persons in connection with any proceeding arising from the fact that such persons are or were officers or directors of the Company, and to advance expenses as incurred by or on behalf of such persons in connection therewith.

In addition, in connection with the Company's reincorporation from the State of Delaware to the State of Nevada effective as of June 1, 2023, the Company intends to continue to maintain general liability insurance policy that covers liabilities of its directors and officers arising out of claims based on acts or omissions in their respective capacities as such directors or officers.

See "Item 17. Undertakings" for a description of the SEC's position regarding such indemnification provisions.

We plan to enter into a placement agency agreement that provides that we are to indemnify the placement agent under certain circumstances and the placement agent is obligated, under certain circumstances, to indemnify our directors, officers and controlling persons against specified liabilities, including liabilities under the Securities Act of 1933, as amended (the "Securities Act").

Item 15. Recent Sales of Unregistered Securities

The following is a summary of all of our securities sold by us within the past three years which were not registered under the Securities Act:

In connection with our entry into an employment agreement, effective June 14, 2021, with Chia-Lin Simmons and as a material inducement to Ms. Simmons's acceptance of employment with the Company as its Chief Executive Officer, the Company offered Ms. Simmons shares of restricted stock of the Company equal to 5% of the issued and outstanding shares of Common Stock, which issuance was approved by the compensation committee of the Company's board of directors and occurred in accordance with Nasdaq Listing Rule 5635(c)(4) outside of the Company's 2017 Stock Incentive Plan and 2013 Long-Term Stock Incentive Plan. In connection with such issuance, the Company and Ms. Simmons have entered into a Restricted Stock Award Agreement on June 14, 2021, which agreement contemplates the restricted shares vesting over a 48-month period commencing on June 14, 2021. One fourth of such shares will vest on June 14, 2022. Thereafter, 1/36 of such shares will vest on the first day of each subsequent month until all such shares have vested.

On August 16, 2021, we closed a private placement offering (the "August Offering"), which was conducted pursuant to a securities purchase agreement, dated as of August 13, 2021, (the "August Purchase Agreement"), whereby we issued to certain institutional investors (i) an aggregate of 1,333,333 shares of Series F Convertible Preferred Stock, par value \$0.0001 per share (the "Series F Preferred Stock"), initially convertible into shares of Common Stock at a conversion price of \$3.75 per share, which conversion price was subsequently adjusted to \$4.50 per share in accordance with the terms of the Certificate of Designation of the Series F Preferred Stock and (ii) warrants exercisable for up to 666,667 shares of Common Stock at an exercise price of \$7.80 per share, subject to customary adjustments thereunder, which became exercisable on February 16, 2022 and have terms of five and a half (5.5) years. The August Offering resulted in gross proceeds of approximately \$4 million, before deducting any offering expenses. Pursuant to the August Purchase Agreement, such unregistered warrants, shares of Series F Preferred Stock and the shares of Common Stock underlying such securities were issued to such investors in a private placement transaction pursuant to an exemption from the registration requirements of the Securities Act provided in Section 4(a)(2) of the Securities Act and/or Regulation D promulgated thereunder. As of the date of this registration statement, holders of an aggregate of 1,160,000 shares of Series F Preferred Stock have converted such shares into shares of Common Stock, and 173,333 shares of Series F Preferred Stock are outstanding. We issued such shares of Common Stock to such holders in a private placement transaction pursuant to an exemption from the registration requirements of the Securities Act provided in Section 3(a)(9) of the Securities Act, as the Common Stock was issued to existing stockholders and no remuneration was provided in consideration of the issuance.

On August 7, 2023, the Company granted Ms. Simmons 62,000 shares of restricted Common Stock under the Company's 2023 SIP, in accordance with the terms of her employment agreement with the Company. Such shares vest over four years commencing July 3, 2023, with a quarter to vest on the anniversary of the grant, and thereafter in quarterly amounts until the entire award has vested, so long as Ms. Simmons remains in the service of the Company. Also on August 7, 2023, the Company granted Mr. Archer and FLG Partners, of which Mr. Archer is a partner, an aggregate of 22,000 shares of restricted Common Stock under the Company's 2023 SIP. Such shares vest over which vest commencing on July 3, 2023, with 1/4 of such shares to vest on July 3, 2024, and thereafter, 1/16 of such shares to vest on the first day of each subsequent three-month period until the entire award has vested, so long as such grantee's provide their applicable services to the Company for each such quarter.

With respect to the availability of an exemption from registration, relating to the sale and unregistered issuances of such securities described above, we made these determinations based on the representations of each investor which included, in pertinent part, that each such investor was either (a) an "accredited investor" within the meaning of Rule 501 of Regulation D or (b) a "qualified institutional buyer" within the meaning of Rule 144A under the Securities Act and upon such further representations from each investor that (i) such investor acquired the securities for his, her or its own account for investment and not for the account of any other person and not with a view to or for distribution, assignment or resale in connection with any distribution within the meaning of the Securities Act, (ii) such investor agreed not to sell or otherwise transfer the purchased securities unless they are registered under the Securities Act and any applicable state securities laws, or an exemption or exemptions from such registration are available, (iii) such investor had knowledge and experience in financial and business matters such that he, she or it was capable of evaluating the merits and risks of an investment in us, (iv) such investor had access to all of our documents, records, and books pertaining to the investment and was provided the opportunity to ask questions and receive answers regarding the terms and conditions of the offering and to obtain any additional information which we possessed or were able to acquire without unreasonable effort and expense, and (v) such investor had no need for the liquidity in its investment in us and could afford the complete loss of such investment. In addition, there was no general solicitation or advertising for securities issued in reliance upon these exemptions.

Item 17. Undertakings.

The undersigned registrant hereby undertakes that:

- (1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act of 1933 shall be deemed to be part of this registration statement as of the time it was declared effective.
- (2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

The undersigned registrant also hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that the undertakings set forth in paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934, as amended, that are incorporated by reference in this registration statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.
 - (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
 - (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
-

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933, as amended, to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) That, for purposes of determining any liability under the Securities Act of 1933, as amended, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934, as amended) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Pursuant to the requirements of the Securities Act of 1933, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Louisville, in the State of Kentucky on May 6, 2024.
